

A HUGE SMEAR of white and yellow paint decorates Highway 61 five miles west of Red Wing, Minn., after a collision. The Highway Department truck, front, loaded with the drums of paint, was moving down the middle of the road painting the centerline when the semi-trailer truck, rear, caught up with it. The drivers had minor injuries. Dry sand was dumped on the mess, then bladed off to start the cleanup job. (AP Wirephoto)

Defense Of Weak Is Key To Viet Nam War Policy

WASHINGTON (AP) — President Johnson and Secretary of Defense Robert S. McNamara have given Democratic campaigners a key word to defend U.S. policy in Viet Nam: restraint.

Both the President and his Cabinet member again applied this term to military measures.

Army's Nikes Given Okay

WASHINGTON (AP) — The Army has taken a hard look at its Nike Hercules air defense missiles in the light of the poor performance of Russian-built SAM anti-aircraft missiles in North Viet Nam.

Its conclusion: The U.S. missiles do not have the same weaknesses and no major adjustments are needed in Nike Hercules defenses.

Sources said today Army air defense commanders were asked to re-examine their doctrine and capabilities months ago after the Russian-built SAMs appeared in North Viet Nam.

Details of the study are secret, but it was understood that the Nike Hercules radar — vital to the killing ability of the missile — was rated superior to the Soviet SAM radar equipment and less subject to evasion.

The re-examination took account of special tactics developed by U.S. Air Force, Navy and Marine fliers in dealing with the SAMs in their forays into North Viet Nam.

"We think our batteries would score much higher kills than the North Vietnamese," said one source.

Weather

By The Associated Press

ESCANABA AND VICINITY — Partly cloudy and cool today with a chance of a few brief showers. Fair and cold tonight. Lows tonight 26 to 33. Highs Friday mostly in the 40s.

Upper Peninsula — Partly cloudy and cool tonight and Friday. Continued cool. Frost and freezing temperatures tonight. Lows tonight 26 to 33. Highs Friday mostly in the 40s.

Ford Reports May Sales Up

DETROIT (AP) — A sizzling early May sales report from Ford Division of Ford Motor Co. today buoyed the auto industry's hopes that the dip in car buying was over.

Ford Division Wednesday became the first of the car lines to report its May 1-10 sales figures. The company's Lincoln-Mercury Division and General Motors, Chrysler and American Motors were due to make their reports today.

Donald N. Frey, vice president and Ford Division general manager, said the sales in the opening ten days of the month were the highest of any May 1-10 in Ford history. He reported sales for the calendar year to May 10 ran four per cent ahead of 1965.

Frey reported the sale of 760,065 cars from Jan. 1 through May 10 as opposed to 733,126 for the same period last year. The divisions truck sales were up 16 per cent in the same period from 175,274 in 1965 to 203,518 in 1966.

He said sales for the first ten days of May totaled a record of 50,424 cars at a daily rate of 6,040 and a record 14,088 trucks at 1,761 per day.

Deane Baker To Remain In Race For Nomination

GRAND RAPIDS (AP) — Deane Baker said today he intends to stay in the running for Republican nomination to the U.S. Senate.

The construction firm executive from suburban Ada commented in the wake of Gov. George Romney's appointment of Rep. Robert P. Griffin, R-Mich., to the vacancy created by the death of Sen. Patrick V. McNamara, D-Mich.

"I'm delighted for Bob," said Baker. "It's good to have a Republican in the seat. It certainly adds a great deal to his candidacy and it makes my job more difficult."

"But I have no intention of giving up. If you don't run, you can't win."

Today's Chuckle

Our successes we ascribe to ourselves; our failures to destiny.

House seats who support the President's course had the pattern of how to defend it on the hustings: with Asia in the balance, the United States had resorted reluctantly to the use of tightly controlled force in Viet Nam as the best hope of bringing eventual peace to the area.

Johnson's speech was directed at the academic community, from which has come much of the criticism of his policies. For those in this group who have counseled a pull-out, he had the reminder that "a great power influences the world just as surely when it withdraws its strength as when it exercises its strength."

He chided them to name another nation that "has spent the lives of its sons and vast sums of its fortune to provide the people of a small striving nation the chance to elect a course we might not ourselves choose."

Johnson obviously has been worried by the defection of liberals and intellectuals.

County Districting Postponed To 1968

F. D. Roosevelt In New York's Governor Race

NEW YORK (AP) — Franklin D. Roosevelt, son of the 32nd president, today declared himself a candidate for the Democratic nomination for governor of New York.

In a prepared statement for a news conference at his campaign headquarters, Roosevelt said, "I am entering the race for governor because I love politics and a good political fight and above all I love New York and its people."

Roosevelt's entry into the race had been rumored for several months. He will be making his second bid for the nomination for governor, an office held for two two-year terms by his father before he was elected president in 1932.

Roosevelt, 51, resigned in Washington Wednesday as chairman of the federal Equal Employment Opportunity Commission after weeks of speculation that he would make the move. He had been chairman since July 2, 1965, when the commission went into operation.

Two other men already are declared candidates for the nomination to oppose Republican Gov. Nelson A. Rockefeller, who is seeking a third term. They are Eugene H. Nickerson, Nassau County executive, and Howard Samuels, an upstate industrialist.

Frank D. O'Connor, president of the New York City Council, is expected to be the fourth candidate.

Builders Slap Unfair Critics

DETROIT (AP) — Auto companies apparently are going to get tougher in answering what they consider unfair criticism of their auto safety policies.

The new attitude was not aimed at government groups, such as the Ribicoff senate subcommittee on traffic safety, but rather at critics such as attorney Ralph Nader.

Nader, an attorney and author of a book "Unsafe at Any Speed", has won general recognition as the No. 1 critic of the auto industry. He has criticized safety features of both U.S. and foreign cars.

Henry Ford II started the new approach last month when he departed from a prepared text at a Ford plant dedication and leveled a blast at Nader.

The Ford board chairman said: "Frankly, I do not think he knows much about automobiles. He can read statistics and he can look up a lot of facts that are in the public domain but I don't think he knows anything about engineering safety into automobiles."

Nader told newsmen he did not consider his role as an auto safety critic played any part in a decline in auto sales in April but he added, "I do not think new car sales should be built on a pile of corpses."

Neither he nor Green would pinpoint responsibility for the investments at this point but Green acknowledged all had been made during the tenure of Treasurer Sanford Brown.

The defaulting mortgages were on apartment buildings and other multiple residence units and ranged in location from Michigan to Florida to California.

Looking At Ballot:

Underdog Griffin Is Stacking Up Pluses

LANSING (AP) — Political pluses are stacking up for Robert Griffin, the Republican congressman who started as the underdog—and probably still is—in the Michigan race for U.S. Senate.

The Traverse City attorney picked up his newest advantage Wednesday when Gov. George Romney named him to the Senate seat vacated by the April 3 death of Democrat Patrick McNamara.

Griffin will thus have six months between now and the Nov. 8 election to build a record as an incumbent and try to create a "keep Griffin" voter psychology.

He is challenged by Grand Rapids businessman Dean Baker in the Aug. 2 primary election but is heavily favored. The contest is likely to be completely overshadowed by the Democratic nomination fight between former Gov. G. Mennen Williams and Detroit Mayor Jerome Cavanagh.

But as the senator for whose seat they're fighting, Griffin will have a forum for statements

that might otherwise not be heard.

The second recent advantage picked up by the five-term, 42-year-old Griffin is his first-hand look at the war in Viet Nam.

He spoke to Romney and newsmen from Saigon by telephone Wednesday immediately after Romney announced the appointment.

He said his trip with a House subcommittee "has brought into focus the decisive role that the United States and all Americans are playing in shaping the destiny of the world."

A third advantage, always anticipated but confirmed anew Wednesday, is that Romney will campaign hard for him.

The governor has yet to make his anticipated announcement for a third term. But it would be to his advantage as a potential 1968 Republican presidential hopeful if he could help Griffin win and thus display an ability to help party-mates in elections.

Griffin will return to Michigan Saturday morning for a meeting in Lansing with Romney. He expects to be sworn into office Monday in Washington for an interim term running until Dec. 1.

At the Nov. 8 election in parallel balloting, voters will fill a Senate term running from Dec. 1 until Jan. 3 and a six-year term starting Jan. 3.

Griffin will vacate the Ninth Congressional District seat in Western Michigan. It will not be filled until the November election. Then, however, voters will fill both a Dec. 1-Jan. 3 term and a regular two-year term beginning Jan. 3.

State Pension Funds Hurt By Bad Mortgages

LANSING (AP) — State Treasurer Allison Green reported today that \$109 million worth of mortgages held by three state retirement funds are in trouble.

Green identified the three funds as the Public School Employees' Retirement Fund, the State Employees' Retirement Fund and the Municipal Employees' Retirement Fund.

All the mortgages are insured by the Federal Housing Administration so there will be no major loss of principal, Green said. But he added the loss to the state in interest income could range into the hundreds of thousands of dollars annually and into the millions over a period of years.

They represent more than 40 per cent of the total mortgage dollar volume held by the funds. Some \$29.8 million have gone into default while the others are either behind on payments or have been forced to negotiate modifications which mostly provide for no payments on principal, Green said.

"It seems obvious that we got our fingers burned by what has been done," said Gov. George Romney.

Neither he nor Green would pinpoint responsibility for the investments at this point but Green acknowledged all had been made during the tenure of Treasurer Sanford Brown.

The defaulting mortgages were on apartment buildings and other multiple residence units and ranged in location from Michigan to Florida to California.

N. Central DC3 Has Fire; Lands In Alfalfa Field

NORFOLK, Neb. (AP) — With one engine on fire, Capt. A.T. Bergum of St. Paul, Minn., landed his North Central Airlines DC3 plane in an alfalfa field near Norfolk Wednesday night.

The 16 passengers and crew of three walked away unharmed. Passengers said the belly landing was achieved with very little jar. When the plane was down, Bergum put out the fire with an extinguisher and led the passengers to a nearby farm house where they awaited transportation into Norfolk.

Rex In Doghouse

LONDON (AP) — Rex, one of the London police force's Alsatians, was in the doghouse today. He bit a policeman in the leg. The policeman went to the hospital. The suspect he and Rex were chasing in the Dulwich area got away.

Board Revision Fails To Meet 1966 Deadlines

LANSING (AP) — Backers of one man-one vote districts for county boards of supervisors have given up trying to redistrict in time for this fall's elections.

A compromise version of the county reapportionment bill, recommended Wednesday by a House-Senate conference committee, provides for elections from equal-population districts in 1968.

Before the bill went to the conference group, House Republicans had blocked immediate effect for it. Some Democrats had hoped to negotiate a settlement in time for 1966 redistricting.

The conference committee scrapped a Republican-backed provision, inserted in the Senate, that would have given the county boards first chance to draw new districts.

The conference version provides for reapportionment by a commission made up of the county prosecutor, clerk and treasurer and the county chairmen of both major political parties.

Supervisor boards in Wayne and Oakland Counties would have 25 to 35 members, counties of 50,000 to 60,000 population would have not more than 21, counties of 10,000 to 50,000 not more than 15, counties of 5,000 to 10,000 not more than 10 and others not more than seven.

Board members would be elected in 1968 for two-year terms, with their pay to be set by the present board of supervisors.

War Claims 82 Yanks In Week

SAIGON, South Viet Nam (AP) — More Americans were killed in combat last week than troops of the South Vietnamese government, allied military spokesmen announced today.

It was the second time that American combat dead exceeded the Vietnamese in the five years of American involvement in the war.

Spokesmen announced 82 Americans died in battle last week compared with 61 Vietnamese, although the size of the government armed forces is nearly triple that of the 255,000 U.S. force here.

It was also the lowest number of Vietnamese battle deaths this year.

During the politically turbulent week of April 3-9, 95 Americans were killed in combat compared with 67 government troops.

The 82 Americans killed brought the number of U.S. combat dead to an unofficial total of 1,386 for the year and 3,234 since Jan. 1, 1961. The Vietnamese report 3,334 killed for the year.

Viet Cong losses were reported as 456 killed — the same figure as the previous week's — and 121 captured, an increase of 23.

As the war continued today, U.S. Marines and airborne troops battled the Viet Cong in three operations while American planes continued to pound targets in North Viet Nam.

Moon Ship Is Ready To Loft

ALAMOGORDO, N.M. (AP) — The Surveyor vehicle for unmanned, soft moon landings has made its first descent without the aid of parachutes, clearing the way for its first lunar mission May 30.

The spacecraft landed successfully Wednesday at Holloman Air Force Base near Alamogordo after a 36-second descent which began with Surveyor's release from a balloon at an altitude of almost 1,000 feet.

Tests had been under way at Holloman for more than a year, but previously parachutes had been used to assist Surveyor in part of the descent.

The National Aeronautics and Space Administration (NASA) will not commit men to moon journeys until more is learned about the lunar surface. Surveyor would send back this data.

The Holloman test director for Surveyor, G. P. Steffen of Hughes Aircraft Co., said that Wednesday was the first time a complete descent under Surveyor's own power had been attempted.

Steffen said the May 30 launch at Cape Kennedy, Fla., aboard an Atlas-Centaur vehicle would have been delayed if Wednesday's test had failed.

The engines of the 225-pound Surveyor vehicle slowed the descent from a velocity of 55 feet per second to 5 feet per second, or about 3.5 miles per hour, at impact. The lunar landing version will weigh more than 2,000 pounds but will be operating in the much weaker gravity of the moon.

Nine Primaries Show Lack Of Voter Unrest

WASHINGTON (AP) — Nine states have now held primaries without any indication to date of major impact at the polls from two chief concerns among voters — the war in Viet Nam and the rising cost of living.

Historically, any widespread sense of discomfort or dissatisfaction has reacted against the ins. no matter of which party. Yet in the primaries thus far the voters have evidenced no disposition to turn out incumbent members of Congress who were challenged within their own parties.

Nevertheless, political strategists are holding to their estimates that what happens in the congressional elections next fall will be greatly influenced by the developments meantime in Viet Nam and on the price front.

In the normal course, the minority party picks up seats in the House of Representatives in an off year election, particularly when it has lost heavily in the presidential year as the Republicans did in 1964.

Thus, the GOP will have to gain a substantial number of House seats in order to claim a success in this year's campaigning.

Picking any number as the break even point between success and failure could bring arguments on both sides.

But Chairman John M. Bailey told the Democratic National Committee earlier this year that historically the party in power loses 37 seats in the House in an off year election. He reminded that the Democrats lost 77 seats in 1940, two years after a landslide victory by Franklin D. Roosevelt in the presidential election.

Senate Republican leader Everett M. Dirksen has been talking of a possible GOP pick-up of 50 seats.

Holding 140 seats now, the Republicans would have to gain 78 in order to take control of the 435-member House.

Two Get Opposition Of the nine states which have held primaries, six have elections this year for the Senate but in only two were incumbent senators opposed in the primary. Democratic Sens. John J. Sparkman of Alabama and Fred R. Harris of Oklahoma breezed to renomination in primaries.

Democratic Sens. Clinton P. Anderson of New Mexico and Jennings Randolph of West Virginia had no party opposition. Neither did Republican Sens. Carl T. Curtis of Nebraska and John G. Tower of Texas.

Republicans will pick an opponent to Sparkman at a state party convention July 29. Republicans Don Kinkaid and Pat Patterson are in a runoff primary, to be held May 24, for the nomination against Harris.

Anderson is opposed by Anderson Carter and Randolph by Francis J. Love, who was a member of Congress 20 years ago.

Democratic Gov. Frank B. Morrison is running against Curtis in Nebraska.

Texas Democrats picked State Atty. Gen. Waggoner Carr to battle Tower.

The present party division in the Senate is Democrats 67, Republicans 33.

Ribicoff Asks U.N. Supervise Viet Nam Voting

WASHINGTON (AP) — Sen. Abraham Ribicoff said today if the military government of Premier Nguyen Cao Ky supervises elections in South Viet Nam, the outcome will be contested—and perhaps rejected.

And Sen. Albert Gore said he hopes U.S. Ambassador Henry Cabot Lodge will return to Saigon with explicit instructions from the White House to support free elections in the warring Southeast Asian nation.

The two Democrats, Ribicoff of Connecticut and Gore of Tennessee, talked of the projected elections as the Senate Foreign Relations Committee summoned Lodge to a closed-door session on the Viet Nam situation.

Ribicoff urged Senate approval of his resolution asking President Johnson to seek election supervision by U.N. observers.

"If the Ky government supervises elections," Ribicoff's statement said, "the results will be contested—and may well be rejected—by the other elements of the Viet Nam power struggle."

"Poll-watchers supported by the United States alone would also be unsatisfactory," the senator added.

Gas Expansion Gets Approval

LANSING (AP) — A \$340,000 service expansion program by Michigan Consolidated Gas Co. has been approved by the State Public Service Commission.

Natural gas service will be extended to Rose City, Cumming, Klacking and Rose Township, Ogemaw County; Plainfield Township, Isco County; Maple Valley Township, Montcalm County; Fire Lake, Fire Lake Township and Union Township, Grand Traverse County; Lyon Township, Roscommon County, and Springfield Township, Kalkaska County.

Existing service will be improved in Reno Township, Isco County, and Gerrish and Markey townships, Roscommon County.

HEW Revamp

DETROIT (AP) — David J. Sencer, assistant U.S. surgeon general, will discuss proposed reorganization of the Department of Health, Education and Welfare at a meeting of the Michigan Public Health Association in Detroit tonight.

U. Of M. Lists Award Winners

Eighteen seniors in High Schools in this area have been notified they have been selected as winners of Regents-Alumni Scholarships to the University of Michigan.

John A. Lemmer, U. of M. scholarship chairman, Escanaba, was advised by Ivan W. Parker, the University's assistant director of financial aid, that students who are scholarship winners are not required to make the \$50 enrollment deposit.

The winners of scholarships from this area:

Delta County — Escanaba Area Public High School: Stephen J. Anzalone, Curtis R. Dewar, Robert G. Haack, Judy A. Hale, Michelle J. Marcouiller.

Holy Name High School—James L. Anderson, Charles E. Armstrong, Daniel R. DeGrand, Donna M. Savard, Katherine J. Thompson.

Gladstone High School—Mark F. Phillips, Donald J. Protenhauer Jr.

Rapid River High School—Margaret L. Soderberg.

Schoolcraft County—Manistique High School—Rosann M. Fleck.

Menominee County—Carney High School—David S. Berto.

Bark River—Harris High School—Larry E. Pilon.

Stephenson High School—John Hoeffler and Gabriella L. Malinoske.

Officers Are Installed At Jefferson PTA

The last regular meeting of the Jefferson PTA was held Monday evening at the school. Guest speaker for the meeting was Luther Barrett and his topic was "Change."

The 4th and 5th grade chorus accompanied by Mrs. M. H. Garrard entertained the parents with songs of May and folk-songs.

Installing new officers for the coming year was PTA Council president, Mrs. Leo Niquette. They are as follows: Mrs. Paul Larsen, president; Mrs. John Backman, 1st vice president; Mrs. James Jacobs, 2nd vice president; Mrs. Ed Janshak, secretary; Mrs. Melvin Karkanan, treasurer; Mrs. William Savard, historian; Mrs. Clyde Moersch and Mrs. Alan Sanaville, council delegates.

Refreshments were served by the mothers of Mrs. Grace Peter's kindergarten classes with Mrs. Louis Diedrich and Mrs. Delore Myers hostesses.

School Building Is Inadequate

BARK RIVER — The Bark River-Harris Board of Education Monday heard Lloyd Bruce, High School principal, review a recent evaluation by the University of Michigan accreditation survey team. Basically a good program is being carried on at Bark River-Harris, but the High School building is grossly inadequate. A complete evaluation report will be issued to the school district, as soon as the University completes its study, he said.

The pending reorganization vote, to be held July 25, with Escanaba, was discussed in the light of the information now available from the University of Michigan. Possible costs of remaining an independent district were also discussed, with a hope of making this information available to the district residents at the May 18 PTA meeting.

A long discussion on the district's transportation system was held. Bark River-Harris, which logs over 110,000 miles annually, plans to add another bus and driver, in an effort to improve service for the students in 1966-67. The new unit which has been on order since February, is scheduled for completion in the summer.

Also to be considered at the June meeting, are bids for a bus and supply storage building, to be erected on the Elementary School grounds. Funds for this improvement are to come from monies accumulated from the sale of former school buildings and property the school district has disposed of over the past six years. These monies have been invested for such a purpose by the Board, in an effort to improve the school district's total school program.

Ventilation problems in the Elementary School were discussed. The Board has contracted with the Johnson Service Co. of Appleton to install thermostats in each classroom in an effort to provide more comfort.

Carl Ahlin, member of the Delta-Schoolcraft Intermediate Board of Education described the Intermediate District's proposal for 1 mill to initiate a special education program to meet the needs of the handicapped children in the two-county area. The Board went on record endorsing the proposal.

In other actions, the current status of the negotiations with the teachers was discussed; election inspectors for the annual school election appointed; and permission was granted to St. George's parish of Bark River, to use some school facilities during the summer.

Why Give Blood?

Red Cross Gets Unusual Answer

Why do people give blood to the Red Cross Blood Bank in Delta County?

That question and others have been asked by the Red Cross in an effort to better understand the motivations of donors and — hopefully — to continue the high degree of success that attended the last blood procurement clinic in Delta County.

The Red Cross bloodmobile will return to the county on May 24, 25 and 26.

The 511 persons who donated blood at the March procurement clinic have been asked to sign again as regular donors.

Donors were also asked to indicate their reasons for giving blood — and on the cards returned to the Red Cross it was shown that 44 were motivated by a personal request. The person-to-person approach appears by far to be the most effective persuasion.

"Fourteen stated that they were regular donors and another 25 indicated some form of social action — to help others, charity, civic duty, moral obligation and so forth," the Red Cross reported.

"Fourteen stated they were brought out by the newspaper, 10 by the radio, 10 came because of the need in Viet Nam, and others said it was because of a general awareness of the blood needs of the program."

Stone Will Aid Maddy Memorial

TRAVERSE CITY (AP) — W. Clement Stone, a trustee of the National Music Camp at Interlochen, said Wednesday he would contribute up to \$5 million to the Joseph Maddy Memorial Fund.

Stone, of Chicago, said his foundation would contribute \$1 to the fund for each \$4 contributed by others within five years, up to a maximum from him of \$5 million.

The fund, with a \$25 million goal, honors Dr. Joseph Maddy, founder and president of the camp, Maddy died April 18.

Stone said the fund would be used for endowments and for possible expansion of the camp.

UPCAP Backs Airline's Bid

Harold Vanlerberghe, chairman, Upper Peninsula Committee for Area Progress (UPCAP), testified before the Civil Aeronautics Board (CAB) today in Washington, D. C., in support of North Central Airline's application for nonstop authority between Detroit and Toronto, Canada.

Vanlerberghe, in his testimony to CAB Examiner Herbert K. Bryan, backed North Central's proposal for through-plane service that would link Upper Peninsula cities and 14 other Midwest cities with Toronto.

Vanlerberghe cited the difficulties in making connections to eastern points from the Upper Peninsula.

He indicated that the new route would improve the Upper Peninsula's transportation position, and that "consequently it will strengthen our potentiality for industrial growth. This is a point that we cannot emphasize too strongly. The improved access to the Toronto area that the North Central flights would make possible could be a factor in the development of the Upper Peninsula."

The Committee speaks for all the Upper Peninsula cities in support of North Central's proposal and their desire is for service to Toronto through Detroit, instead of Chicago.

Vanlerberghe was accompanied to Washington by Al Haeili of the UPCAP staff.

North Central would serve the route with new Douglas DC-9 jets and Convair 440 aircraft. The company embarked on a 10-jet program in 1965. Five of the 100-passenger jets have been ordered for delivery early in 1967 and five are on option. All of the airline's routes east of Minneapolis/St. Paul are currently served with Convaers.

Escanaba Unlisted

In North Central's proposed schedule, flights would leave Detroit at 8 a. m., 10:45 a. m., 3:45 p. m., and 6:40 p. m. (EST). Flights would depart from Toronto at 7 a. m., 11:15 a. m., 1:15 p. m., and 5:30 p. m. (EST). Flying time in the DC-9 jet would be 37 minutes and on Convaers, 62 minutes.

If the route is awarded to North Central, its passengers would save up to \$9.35 over the existing one-way coach fares and as much as one hour, 59 minutes over present schedules between Toronto and the 24 Midwest cities.

Through flights would link Toronto with Detroit, Kalamazoo, Battle Creek, Grand Rapids, Lansing, Muskegon, Sault Ste. Marie, Pellston, Alpena, Saginaw, Bay City, Midland, Flint, Pontiac, Hancock, Houghton, Marquette, Iron Mountain and Kingsford, Michigan; Milwaukee, Green Bay, and Clintonville, Wisconsin; South Bend, Indiana; and Chicago.

A CAB decision in this case is expected later in the year. The Detroit-Toronto route was made possible by the Bilateral Air Transport Agreement signed by President Lyndon B. Johnson and Prime Minister Lester B. Pearson on Jan. 17, 1966.

100 New Diesels

PHILADELPHIA (AP) — The Pennsylvania Railroad said Wednesday it has ordered 100 more heavy duty Diesel-electric locomotives at a cost of more than \$27 million. Sixty-five of the locomotives are to be built by Electro-Motive Division of General Motors.

Jaycees Elect Bink President

Escanaba Jaycees last night elected Bob Bink president at a dinner meeting at the Delta Supper Club.

Bink, after graduating from Northern Michigan University, joined the Jaycees in February of 1964. He has been chairman for two Jaycee distinguished Service Award banquets, publicity director for the club, publicity chairman for Miss Delta County Queen Pageant and secretary for the past year. Bink, in his acceptance speech said that his chief objective for this year would be community service.

Bink is the son of Mr. and Mrs. N. J. Bink. He is employed by the Coca-Cola Bottling Co. He is married to the former Mildred Luft and they have one daughter, Laurie, 8 months old.

Other officers elected for the coming year were Bill Bismcomb, vice president; Charles Farrell, secretary; and John LaBranche, treasurer. Board members elected are: Dr. Don Fitch, Bill DeHaan, and Bill Rodman.

Lloyd Stienhoff, past district vice-president from Munising, and John Miller, the new district vice-president from Manistique, attended the meeting.

Bob Bink

Stienhoff told the Escanaba Chapter that Michigan has reorganized its districts, and that Escanaba is now in District 2 rather than District 22. Miller gave a short talk asking for Escanaba Chapter support of the state Jaycee program.

Forest Fires Top Last Year

Forest fire reports from the Conservation Department in the Upper Peninsula this past week indicate over six times as many fires and over 17 times the acreage burned last year. In the U.P. last year over 7,000 people asked for burning permits and only 44 fires were caused by debris burning. All fires last year burned only a little over 400 acres.

Visit Detroit

Our Educational Ways

The Upper Peninsula examined its schooling at Northern Michigan University this week and the depth of changes underway became publicly evident.

The great mover of the newest changes is the federal government's bold venture in public schooling.

A larger, more intimate, more active role for the federal government in public and private schooling had been proposed for years. Now it is here in the guise of federal aids to correct deficiencies in schooling and especially to provide more of an equality of educational opportunity to the poor and the disadvantaged.

The remedies, as they are being applied, will affect all schooling.

The Conference for the Improvement of Education in the Upper Peninsula which was called by the Human Resources Committee of the Upper Peninsula Committee for Area Progress, was told that the federal government's intervention in schooling—so long opposed and delayed—is good for us.

Dr. Ed Pfau of the Michigan Department of Education, one of the most informed educators on Upper Peninsula schooling, contributed the most pungent comment of the conference.

"Support for schools," said Dr. Pfau "has come from state aid, the local property tax and recently from federal funds. We talk much about the problems of federal funding and control. Yet some of our most innovative programs have come not from those of us who should know our problems best, but from federal sources.

"We are tending to abrogate our financial responsibility, to turn down one millage election after another, and then wonder why schools do not do more.

"This is not a climate that encourages creative program planning, but forces the hold-the-line approach, or a reduction in program and services.

"Local control has a corollary. This is the willingness to be informed, to be adaptable to new ideas and new needs, willing to make wise decisions and willing to assume the financial responsibilities that are part of our system of local schools."

This is laying it on the line. If we want local schools we must run good ones or the federal government, in partnership with the state government, will move in to upgrade them.

It will do this to provide more equality of educational opportunity, which is now seriously denied to the impoverished.

It will do this to correct at the source the otherwise uncorrectable problems of chronic welfareism, unemployment in the midst of skilled jobs, second class citizenship for people who are poor in health, spirit and abilities.

No more critical thing has been said of our schools and their administrations and their communities than that they have not innovated the changes needed to solve the problems which they should have recognized first, because they live with them. It took the federal government to do it! From far-off Washington!

The explanation which will be offered will be lack of local means, but we should not accept it as valid. School district reorganization, for instance, is not essentially a matter of spending more money for schooling, and it is the first tool to school improvement.

What the federal government has done is to set new standards for schools as welfare agencies. Under the federal program the schools will not be a cafeteria where the bright and advantaged will get better trays, but institutions which will extend to needy children some of the educational aids that their homes haven't provided.

It's humane and sensible and we should have attended it as a local matter, but we have fallen into a defensive attitude about schooling which cuts it off short of community needs. Now the federal government will tax heavily to provide a national program which will be much more costly than the same thing done locally.

20 Years Of CARE

In May, 1946, the first CARE package deliveries brought food to World War II victims in France, as gifts from the American people.

In 20 years CARE has delivered more than \$798 million worth of supplies, in 64 million packages and countless special shipments, for the needy in 64 countries.

The total aid includes the value of U.S. donations of farm abundance, which enable CARE to multiply the help delivered with donated funds. Public contributions have totaled \$211 million.

Of necessity, food represents over 90% of the supplies provided. During 1966, CARE is helping to feed 40 million people.

Through its Self-Help and Medico programs, CARE aims to help the hungry ultimately feed and otherwise support themselves by improving their health, education and work skills.

The initials CARE stand for Cooperative American Relief Everywhere. The cooperative members are 26 major American service agencies, whose representatives form the board of directors.

CARE maintains headquarters at 660 1st Ave., New York City; regional donor offices in 20 U.S. cities, including Detroit (916 Guardian Bldg.); a packaging plant in Philadelphia, and an office headed by Americans in each operating country.

There are 70 "standard" CARE packages, from \$1 food parcels or student's school kits to \$115 machines to make construction blocks.

The good that these packages have done is incalculable. The American impulse to help has one of its finest expressions in them.

Less Than Champ

If Americans were the big spenders abroad that the government—the real spender—would have us believe, then this country's balance of payments deficit would indeed be imposing.

According to figures assembled by the United Nations Economic and Social Council, however, only 10 per cent of the money spent on travel by Americans is in international tourism.

This compares with 40 percent for the Netherlands, 50 per cent for Argentina and nearly 80 per cent for Belgium.

When plotted against the population, the total overseas expenditures by U.S. citizens comes to only \$11 a year per capita. The figure for West Germans is exactly double this, while Canadians and Swiss both average \$29.

"You, Too?"

Letters To VC Draftees Defect The Press

SHRINE

May I draw attention to an omission on Page 18 of Tuesday's Press—"Shrines Among Peninsula's Lures."

We have here an official state marker for the little church and burial ground of Father Baraga. It seems as though that should have been of more historical importance than the recent Moral Re-Armament installations at Mackinac.

Imogene Herbert
Manistique

P.S.—So sorry about the death of Danny Danielson. His cherubic, puckish smile in the paper made me realize how we'd miss his gentle humor.

Editor's note: Touched on the shrine article. It was prepared by the Michigan Tourist Council.

PLEA

May is Senior Citizen Month and the Senior Citizens Committee of the Community School Advisory Council has met and taken positive action on two important projects, the first of which appears in this communication. The second project will be outlined in the next letter.

Morris Laux, President
Top O' Lakes
Chamber of Commerce
Manistique, Mich.

The Senior Citizens Committee of the Community School Advisory Council met on Saturday, March 26, and outlined a plan of action of both short term and long range projection.

One of the immediate needs, in view of the low income received by members of this category, was a petition on your part of your chamber members to offer a financial discount and/or service courtesy to be extended to senior citizens patronizing their establishments and presenting a duly authorized membership card.

We would greatly appreciate your cooperation in this project to benefit and assist such worthwhile members of our community.

Detroit Schools In Cash Squeeze

LANSING (AP)—Some senators expect new pressures from Detroit educators seeking increased state aid to schools in the wake of that city's defeat of a \$12 million school tax proposal.

But Sen. Garland Lane, D-Flint, chairman of the Senate Appropriations Committee, says the Detroit tax vote will have no effect on the school aid proposal.

The House already has passed a \$605 million primary and secondary school plan which includes an increase of approximately \$38 million in general fund spending over the current fiscal year.

By RAY CROMLEY

WASHINGTON (NEA)—Sometimes relocating a South Vietnamese hamlet pays off.

In one month recently, in rural Quang Duc Province on the Cambodian border, six Viet Cong guerrillas walked in and gave themselves up.

Now that isn't very many guerrillas in the over-all war. But it amazed men in Quang Duc because, before that, only one VC had come in every two to three months.

What interested the officials in this border province was the reason these Viet Cong gave for quitting the fight.

Before, they said, they'd been operating as guerrillas in the hills close to their families. They could come in and see their families and friends now and then, have a meal and spend the night.

Now that their hamlets were being moved, they couldn't do this any more without too great a risk.

The new hamlets were close in to government troops. They were further away from where their VC units were operating. Therefore, they had to dodge more government patrols to get home.

These VC had talked to their families, they said, and their families had persuaded them to come in and give themselves up. (The families had said, too, that the new farmland looked good.)

Several provinces south of Saigon likewise have reported a step-up in VC defections.

These former VC reported that in previous years the Viet Cong recruits had been sent to units in their home neighborhoods. They weren't sent out of the province. They could often go home at night.

But, these young men said, the new VC recruiting that they had been caught in was of a different type. They had been ordered to move into units in

central Viet Nam, a long way from their homes. They weren't about to go off so far from their families. So they deserted.

Some of the men captured from the North Vietnamese southern expeditionary army have complained strongly about having been taken too far from their families. Some with families in the south have deserted because of their loneliness.

In past years, Viet Cong recruiters have had one edge on the government's agents. These VC could argue that if the government's army took the youth, he'd be carted away from his family to fight and die away from home.

The VC, by contrast, promised the young man he could fight as a guerrilla in his own district, get home regularly to see his family.

But this is now changing in parts of South Viet Nam. This love of home and family offers an effective way to step up the number of Viet Cong deserters.

BARBS

By WALTER C. PARKES

Auto makers say they can build more safety into cars. But who will install safety drivers?

No matter how many times you change jobs, you'll end up working for the same people—the wife and kids.

The only persons who shout louder than pouting groups are those who deliver the automobile commercials.

The Doctor Says:

Pneumonia Not Chest Pain Cause

By Dr. Wayne G. Brandstadt

Q—What causes pneumonia? How long does it take to get over the aching in the chest?

A—There are many causes of pneumonia. The commonest form is caused by the pneumococcus with viral pneumonia running a close second. Pneumonia may also be caused by tularemia, parrot fever, tuberculosis, plague, many fungus diseases and by accidentally inhaling food or other foreign bodies (aspiration pneumonia).

Pneumonia does not cause pain in the chest but may lead to pleurisy, which does. How long a pleurisy can last is subject to many imponderables.

Q—My niece is in her seventh month of pregnancy. She writes that she is jaundiced and must stay in bed. Can she or her baby be saved?

A—The jaundice may be due to infectious hepatitis (coming at an inopportune time) or acute yellow atrophy of the liver (a rare but serious condition associated with pregnancy). In either case, this should be treated as an emergency by a skilled obstetrician.

Q—What is the longest period of gestation on record? In cases where a husband and wife have been separated this may be of legal significance.

A—A definite answer cannot be given because we have no sure way of determining the exact date of conception. It is assumed that it takes place after the middle of the time between the last menstruation and the first missed period.

Cases have been reported in which the duration of pregnancy according to the best estimates available exceeded 11 calendar months but no obstetrician in his right mind would let a pregnancy continue that long today.

Q—Recently I bought a set of Teflon-coated pans and skillets. Today I read that a highly poisonous gas is released when Teflon is heated to 400 degrees Fahrenheit. What do you think?

A—In order to get fumes from Teflon the temperature must reach 380 degrees Centigrade. This is 716 degrees Fahrenheit—a temperature not likely to be reached in a well-run kitchen. If, by chance, you did inhale the fumes of vaporized Teflon you might get a mild respiratory illness resembling influenza, from which you would recover in 48 hours or less without any treatment. If Teflon-coated kitchen utensils were not safe the Food and Drug Administration would not permit their sale.

People, Events Of Yesteryears

From the files of the Escanaba Daily Press

10 Years Ago

May Queen Crowning was at St. Anthony's Church, Wells. Tommy Carmody placed the crown upon the statue of the blessed Virgin Mary. Stephen Terrien was crown bearer and Miss Marie Louise Casey was the soloist. Acting as a guard of honor were the girls of the First Communion class. The May procession was formed by the children from the kindergarten, first and second grades. Following the May crowning, the rosary was recited and Rev. O'Neill D'Amour conducted the benediction.

In a formal message to the Legislature, Gov. Williams urged renewed consideration of his request for two additional child guidance clinics in Wayne County, a projected branch at Escanaba and an additional adult clinic.

25 Years Ago

Andy P. Olafson says that Mother's Day is wrong because Mother has to work on that day anyway.

"So I guess mothers will keep on skipping and patching and saving their egg money to get some thing special for the family and trying out new cooking dishes with hopes that some body will say they are good but never get no Praise and if we give a day of rest for Mothers day I am in favor of it but I think we should have it once a week."

Escanaba took twelve first places at a Manistique track meet. The new meet records were George Shomin, 16 seconds in the 120 high hurdles; Clarence Grabowski's time of 54.5 seconds in the quarter-mile run; Shomin's 25.5 seconds in the low hurdles; Len Chouinard's time of 2:09.7 in the half-mile; Stuart Peterson, Bob Craig, Grabowski and Bob Dufrane in the winning 1.89 time in the 880-yard relay; Shomin's 5 feet, 7 1/2 inches in the high jump; Shomin's 20.8 feet in the broad jump. The tall Shomin's record in the high hurdles was believed to be an all-time U.P. mark.

Questions And Answers

Q—Did the United States reimburse Mexico for the territory lost in the Mexican War?

A—Yes, Mexico was indemnified \$15 million.

Q—In what year did the Model-T Ford make its appearance?

A—Henry Ford put it on the market in 1908 and 11,000 were sold the first year. Eventually 15 million were built and sold.

Q—How large do pine cones grow?

A—Those of the sugar pine are longer than 20 inches.

Ann Landers

Children Learn By Treatment, Not Talk

Dear Ann Landers: My husband and I are the proud parents of two beautiful children—a little boy three years old and a 10-month-old baby girl. We adopted these youngsters through the Tennessee department of welfare.

Not a week goes by that someone doesn't say, "It certainly is wonderful of you to take those poor little children into your home. God will bless you some day for your kindness."

The remarks are invariably made in the presence of the children who are too young to understand, but one day soon they will.

How can we make people realize that these children have made our house a home and that God has already blessed us a hundredfold? Please provide us with an answer that will assure our children that we love them and we did not take them into our home because we felt sorry for them. Thank you.—MRS. FURIOUS

Dear Mrs. Landers: Children are given the warm feeling that they are wanted and loved by the way they are treated and not by listening to their parents talk to friends. I do feel that you should respond to your ignorant acquaintances, however, not to reassure your children, but to educate the clods. Tell them—as you told me in your letter—that God has already blessed you, and that the children have enriched your lives beyond your ability to describe it.

Dear Ann Landers: My letter is to let you know I am with you ALL the way on this tipping nonsense.

You said, "People who do not believe in tipping should, (1) park their own cars on the street—if they can find a space, (2) eat at home, (3) carry their coats and hats around all evening."

If enough of us who are against tipping will take your advice, Ann, the restaurant, hotel and tavern owners, the parking lot tycoons and others will surely feel the pinch and do something drastic—like pay their employees a living wage.—TIRED OF BEING BLED

Dear Tired: You make an excellent point, but your solution would not ease the burden of the customer. The increased cost of doing business would be passed right along to you and to me in the form of higher prices. As for me, I'd prefer

higher prices and no tipping, but the prospects of getting it are mighty slim.

Dear Ann Landers: The confidantials at the foot of your column have always intrigued me. You once explained that those messages are abbreviated because you have been asked not to print the letter—just the advice.

Although some of the confidantials are fairly obscure I can often guess what the letter was about. And now I wonder if you would do something I don't believe you've ever done before. Will you let a reader supply a confidential? I'm achieving to say something to the three daughters who want their 70-year-old mother to move in with one of them. They are afraid if mama goes to an old folks' home the neighbors might think the daughters didn't want to take her in.

Here is my Confidential: Confidential to Three Daughters: Let your mother go where she will be comfortable. You have given her so little of your time and attention through the years that she knows how you really feel. I hope your mother leaves her money to charity or to some old man she met last week.—ALSO INDEPENDENT AND UNWANTED

Answer to Previous Puzzle

Hatlo's They'll Do It Every Time

Busy Season Ahead:

EYC Opens 33rd Year

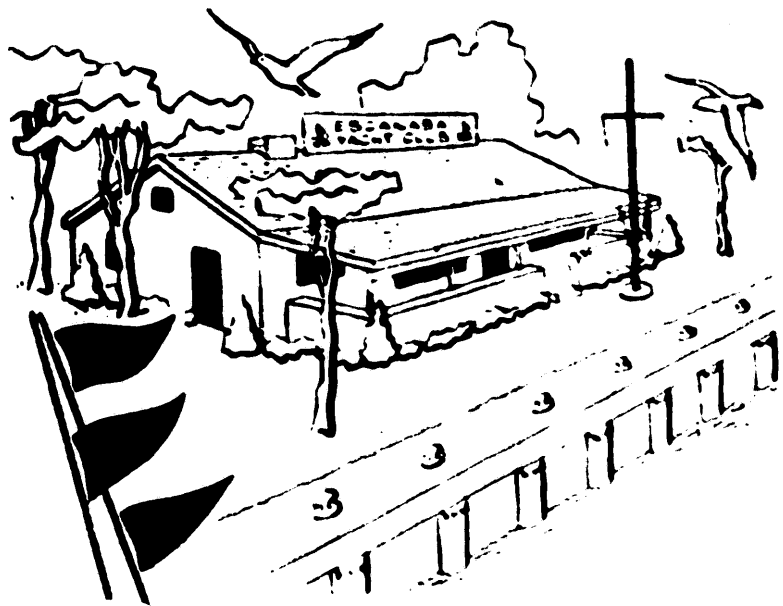

Boatmen of the area are busy with scraping, painting and varnishing in preparation for the launching of their boats and the start of the 1966 season on the Bays de Noc.

And the Escanaba Yacht Club is opening its 33rd year with a busy schedule of events beginning with a buffet supper at the Clubhouse on Sunday, May 22. At that supper the yachtmen will get together for a social evening after a day of work on their craft.

Walter Lewke is commodore of the EYC and Harold Meiers Jr. is vice commodore. The other officers and committee chairmen include Mrs. Earl Owen secretary-treasurer; Emerson Kidd and Harold "Pat" Gasman, clubhouse committee; Francis Boyce, sailing events; and Earl Owen, Victor Nelson, Terry Reynolds and Fred Costell, Venetian Night.

The EYC was organized on Oct. 22, 1934, with the late John J. Mitchell a charter member and one of the prime movers in the club.

Eventful Season
The EYC is proposing a commodore's trophy as a memorial to Mitchell, who served as the club's first vice commodore and as its commodore

in 1936, 1944, 1957, 1958 and 1959. Mitchell was also recognized as the area's authority on marine history.

Mrs. Harold Gasman is chairman of the buffet scheduled at the clubhouse on May 22. This event will be followed by the club's annual launching dinner to be held Sunday, June 19.

The schedule of events for the season includes a series of seagull class races, beginning with a shakedown on June 19; a party for Junior Yachtmen in July; the free for all and 21-mile races in mid-summer; the popular and colorful Venetian Night set for Wednesday night, Aug. 10; a cruise dinner; and participation in the seagull Green Bay championship race at Ephraim Aug. 27-28.

Fine Facilities
A few boats have already been launched at Escanaba yacht basin, including a new fiber glass sail cruiser owned by Dr. Francis Anderson; and the C. W. Stoll schooner Rose of Sharon. There is a sustained interest in boating in the community, and at least two out-of-town sailors—Robert Brebner and David Carter of Marquette—will again have their boats at Escanaba. They are members of the EYC and their boats were wintered at Sturgeon Bay.

The Clubhouse at Sand Point is described in Lake Michigan yachting publications as one of the finest on the Lakes and the spirit of hospitality as unexcelled. It is open to members, their guests and visitors who arrive by water.

There are docking facilities provided by the City of Escanaba and the EYC, including use of 110 volt duplex electrical outlets at docks. Showers, telephone, gasoline and motor oil are available. There

is an outboard launching ramp. The City of Escanaba this year has budgeted funds, with the cooperation of the Michigan Waterways Commission, for the construction of quarters for a harbor master at the basin.

Michigan Week Plans Revealed

HERMANVILLE—James E. Gribble, Michigan Week chairman in the community, today announced plans for Michigan Week, May 15-21.

The week begins with Spiritual Foundations Day on Sunday. Churches in the community will develop a great variety of programs honoring their founders and recognizing the important part which religion has played in the growth and development of the state and particularly the growth and development of their own communities.

An open house at the Fire Station and Ambulance Hall is also planned Sunday from 1 to 5 p. m.

On Monday, at 2:45 p. m. a tour of the Clare Bedding Manufacturing Co., will be held, and at 2:45 p. m. Wednesday a tour of Brothers, Inc., is scheduled.

Thursday is Government Day with a "Koffee Klutch" scheduled at 10 a. m. at the Wildwood Country Kitchen. The Citizens Improvement Association along with local businessmen will participate. In the afternoon "open house" will be held at the Hermansville Public Schools with an invitation to all parents and friends to

Nahma library To Open Soon

Public library service for residents of the Nahma area will be started soon with the opening of a library in Nahma. Ralph Secord, director of the Mid-Peninsula Library Federation, has announced.

"Arrangements for the service are in progress, and the library will open as soon as final preparations have been completed. The shelving is installed," Secord said, "and the books are being transferred from the Federation headquarters."

The library, sponsored by Nahma Township Clerk Mrs. Wallace Bennett, will be located in the Nahma Hall. Mrs. Bennett will be assisted by Miss Carol Anderson. The hours of operation have not yet been worked out, but plans call for the library to be open two evenings a week.

About 500 books will be available, along with other library services, without charge to area residents, Secord explained. All material can be used at the library or taken out on loan. The supply of books will be replaced every few months on a rotation system with new books from the Federation collection.

The Nahma library will be the eighth opened by the Federation within the past twelve months.

"We expect more libraries to open in the six counties we serve as the need develops, and where folks will cooperate in establishing and operating them," Secord said. "We are anxious to cooperate with all communities interested in improving library services."

Interested persons can contact the Mid-Peninsula Library Federation, Iron Mountain. Participating counties are Alger, Delta, Dickinson, Iron, Menominee and Schoolcraft.

Fire Chief Dies

YPSILANTI (AP) — Fire Chief Russell M. Forsyth collapsed and died in the basement of a burning house Wednesday.

Forsyth, 62, chief of Ypsilanti's Fire Department since March 1965 and a veteran of 39 years in the department, slumped to the floor after the blaze was almost extinguished in the house.

Forsyth died four months after Fire Capt. Aaron H. Carson, 49, was killed by smoke in an apartment fire Jan. 11.

visit the school. At 2:45 p. m. a tour of St. Onge Millworks and Les Brown Manufacturing Co., will be held.

Dr. Blair To Talk:

Educational Plan Guidance Sought

Dr. Mary A. Blair, Lansing, distinguished special education consultant for the Michigan Dept. of Education, is expected to discuss ways and means to implement a special education program in Delta and Schoolcraft Counties at a meeting of P. E. R. F. E. C. T. at 7:30 p. m. next Thursday at the John Lemmer school.

Voters in the two counties will be asked June 13 by the Delta-Schoolcraft Intermediate School district to levy up to one mill for special education purposes in the area.

If approved, the mill would provide about \$100,000 in local tax dollars which would be supplemented by about 300,000 from the state for a special education program.

P. E. R. F. E. C. T. is an organization of parents for the "Promotion of Education and Rehabilitation for Exceptional Children's Training."

Dr. Blair is a graduate of Michigan State Normal College, now Eastern Michigan University, Ypsilanti, and received her master's degree from Wayne State University in 1946. Her undergraduate major was in special education with oral deaf concentration.

She has taught in the Michigan School for the Deaf; supervised special education activities for the Horace H. Rockham School, Ypsilanti; was special education director in the Dearborn Public Schools and has served in various summer camps and institutes throughout the United States. She has also traveled throughout the world, studying educational programs.

She has been a special education consultant for the State since 1946.

P. E. R. F. E. C. T. has invited members of the Delta-Schoolcraft Intermediate Board of Education and also local district board members to attend the session.

'Duke' Lienna To Be Honored

STEPHENSON — Clarence "Duke" Lienna will be awarded a Distinguished Community Service Award by the Stephenson Lions Club at the Michigan Week Banquet to be held at the Stephenson Elementary School Monday evening, May 16 at 6:30 o'clock.

Mr. Lienna plans to retire from the Department of Conservation on June 30, 1966. He has served the department as a Conservation Officer for 34 years. He has established an enviable record of service in Menominee County in the protection and propagation of wild life.

Obituary

N. P. BENARD
Funeral services for Napoleon P. Benard were held at 9 a. m. today at St. Patrick's Church with Mgr. M. B. Melican officiating. Burial was in Holy Cross Cemetery. Pallbearers were: Al Mortier, Matthew Lewis, John Tackman, Walter Kulik, Gerald Babel and Paul Kreger.

Charge Youths Entered Store

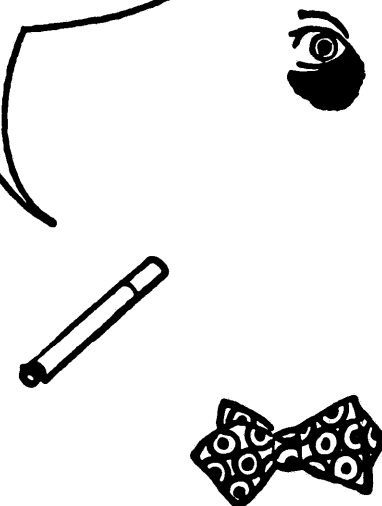

Two Escanaba youths have been charged with entering without permission and are tentatively scheduled for arraignment in Municipal Court on Monday, it is reported by Escanaba police.

Arrested by a city police officer in the Coast to Coast Hardware at 1210 Ludington St. at 11 p. m. Wednesday were Gary E. Rusha, 17, of 1812 1st Ave. N., and David Champeau, 18, of 203 N. 18th St.

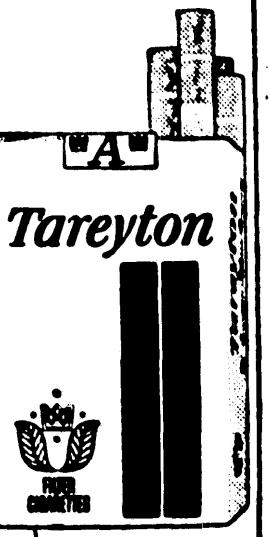

Entering without permission is a misdemeanor, not a felony. A baby cottontail rabbit has only one chance in 20 of ever reaching its first birthday.

ARTISTS! CARTOONISTS! Draw your own Tareyton smoker

"Us Tareyton smokers would rather fight than switch!"

Join the Unswitchables. Get the filter cigarette with the taste worth fighting for. Tareyton has a white outer tip ... and an inner section of charcoal. Together, they actually improve the flavor of Tareyton's fine tobaccos.

Hospital

George Bartley, 1224 11th Ave. S. is recovering from surgery at Bell Memorial Hospital in Green Bay. His room is 245.

Harold Robinette is a surgical patient in St. Francis Hospital. His room is 428.

THIS FLAG SET IS OFFERED AT COST

what does WESTERN UNION have to do with Jane Parker white bread?

By actual count there are 23 quality checks made on Jane Parker White Bread.

Everything from the ingredients right through the mix and the baking is checked and rechecked.

But do these 23 quality checks satisfy us?

No ma'm!
We have a 24th check.

Regularly Western Union representatives select at random and purchase at our stores loaves of Jane Parker White Bread.

They're flown to our quality test lab for that important 24th check.

You see, in that way, we even keep tabs on ourselves.

Is Jane Parker White Bread a good reason for shopping A&P?

It's one of many.

SBA's Boutin Is Small Town Man

WASHINGTON (AP) — President Johnson's nominee to head the Small Business Administration was born in a small town, went to a small college and spent much of his life as a small businessman.

But Bernard L. Boutin's family is anything but small. He and his wife, Alice, have 10 children. "They're a lot of fun," Boutin, 42, said with a laugh as he proudly displayed a large family portrait in his office.

Beside the Boutin family picture is a photograph of the Johnson family, inscribed with personal greetings from the President and Mrs. Johnson.

"I have a very good relationship with the President," Boutin said in an interview. "I intend

to operate the SBA with a free hand — but my boss is the President."

The stocky, square-jawed Boutin was brought into the government by President John F. Kennedy in 1961 and earned a reputation as a hard-nosed administrator while serving as head of the General Services Administration and, for the past seven months, as deputy director of the Office of Economic Opportunity, the anti-poverty organization.

Many sources agree, however, that Boutin will have his work cut out for him in the SBA, which has been without a director since last fall and has cut back some loan programs.

"We've just been floating along," said one SBA official who did not want to be named. "Everybody's been a little reluctant to do anything."

Boutin said he's "small business oriented. I owned them most of my adult life in New Hampshire and even started my own business from scratch."

"I know what it is to meet a payroll, to try to borrow money and how hard it is to establish lines of credit," he said.

A native of Belmont, N.H., Boutin attended St. Michael's college in Winooski, Vt. Most of his business experience was gained in Laconia, N.H., where he served two terms as mayor and was a partner in an insurance agency, a real estate firm and a variety store.

State To Buy Huron Beach

LANSING (AP) — The Michigan Conservation Department said today part of \$192,000 in federal funds awarded the state will go to buy the AFL-CIO's 200-acre campground, including a half mile of prime beach frontage on Lake Huron.

A spokesman for the Conservation Department did not disclose how much of the federal money would be spent in purchasing the campground in St. Clair County about eight miles north of Port Huron.

The grants were announced Tuesday by Secretary of the Interior Stewart L. Udall. The money will be matched with an equal amount from Michigan.

Part of the \$192,000, Udall said, will be used to construct sanitary and other facilities at the Bishop Lake Campground in Brighton State Recreation Area, Livingston County.

The Michigan AFL-CIO earlier offered to sell its campground to the state. Private interests have sought to buy it, also.

It includes a big section of undeveloped land plus the portion along the shoreline which has an administration building, meeting hall, dining room, a number of cabins and a tennis court.

The union, which bought the camp in 1946, used it as a summer meeting and recreation place.

GRADUATING from Wisconsin State University, Superior, Wis., on June 3 will be Thomas G. Butler, son of Mr. and Mrs. Burton Butler of 1824 9th Ave. S. He will receive a Bachelor of Arts degree with a major in education and a minor in physical education. His fraternity is Tau Kappa Epsilon.

Capistrano's Swallows
Legend has it that a colony of cliff swallows has nested for years at the Mission of San Juan Capistrano in California, reappearing each spring with regularity at the mission on St. Joseph's Day, March 19.

UCT To Send Delegates To State Meeting

Local officers and delegates of Council 616 of the United Commercial Travelers of America will attend the state convention to be held this coming weekend in Flint.

Heading the delegation will be former Grand Councilors I. R. Peterson and Clarence Larson, Grand Conductor Dr. Al Gossan, Past Senior Councilor Warren D. Johnston, Hubert Boudreau and Sherman Robinson.

Grand Councilor Vernon G. Sorenson of Kingsford will be the presiding officer of the session.

The bayonet is said to have originated in Bayonne, France, in the 17th century, according to the Encyclopaedia Britannica.

AIRMAN John L. Woodaz, son of Mr. and Mrs. John T. Woodaz of Rumley, Mich., has been selected for training at Lowry AFB, Colo., as an Air Force munitions specialist. Woodaz, a 1965 graduate of Eben High School, recently completed basic training at Lackland AFB, Tex.

Fluoridation Is Detroit Issue In Fall Election

DETROIT (AP) — Opponents of fluoridation said Tuesday they have enough signatures on petitions to force a new Detroit election on the issue.

The anti-fluoridation group wrote Mayor Jerome Cavanagh and members of the City Council it had collected 23,000 signatures.

Mrs. Thomas Willis Jr., a spokesman for the group, said the petitions would be filed

shortly with the city clerk. The opponents needed 22,042 signatures to qualify for the Nov. 8 ballot.

Detroiters approved fluoridation 191,285 to 185,587 last November.

Bids are to be opened June 8 for the fluoridation facility.

Goats For Grass

CHRISTOPHER, Ill. (AP) — The City Council says "n-a-a!" to paying \$1,000 a year to mow the grass on city-owned land.

Instead it will spend \$20 for six goats to keep the grass closely trimmed.

Women Jurors Ask Rail Panel

WEST GREENWICH, R.I. (AP) — Women jurors in Rhode Island say they'd like a wooden panel in front of the jury box instead of a rail.

Their skirts are just getting too short.

Superior Court Judge Florence K. Murray, the state's only woman judge, said the court passed out questionnaires to 760 jurors over the last eight months.

"We asked them if there was anything they wanted to make known to us, if they had any suggestions," Judge Murray said.

"The one suggestion that showed up with some recurrence," she said, "was that the women wanted a panel put up in front of the jury box because their skirts have grown shorter."

Judge Murray reported the finding to the state's judges at the sixth annual meeting of the Judicial Conference of Rhode Island.

Judge Murray said the judges who heard her report — about 30 men — "just considered it was amusing."

Letter Carriers Meet Saturday

The annual spring meeting of the Upper Peninsula Rural Letter Carriers Association will be held in Republic on Saturday, May 14. The auxiliary will hold separate meetings. Approximately 60 are slated to attend.

At the afternoon business sessions, the president of the state association, Virgil Fish of Brooklyn, will take part as will Harold Nelson, the state association treasurer from LeRoy. John Rolig, postal inspector for this area, will also address the group.

The annual banquet will be held in the Bethany Lutheran Church at 6:30 p. m. and the toastmaster for this dinner will be Art Brien of Escanaba.

Plan Day Jobs For Prisoners

LANSING (AP) — The Corrections Commission said Wednesday it plans to allow some women prisoners at the Detroit House of Correction to take jobs outside the prison, returning to the institution at night.

The commission already has allowed 25 men at state prisons to participate in the work-pass program.

Gus Harrison, acting corrections director, said there are 174 women state prisoners at the Detroit institution and the work-pass program will start slowly there with only a few women involved.

He said the department will take care that no inmates take a job which could be filled by a citizen.

Their wages would be used to help support dependents and to build savings for use when paroled or discharged from prison.

Name Students As Recipients Of Scholarships

STEPHENSON — The guidance department of Stephenson High School announced that eight members of the senior class of 1966 have been awarded scholarships by the Michigan Higher Education Authority.

The scholarships are awarded to graduating seniors of the Class of 1966 to cover tuition and fees at a Michigan College or University of their choice. Awards are based on state wide competitive examination which were administered in March.

Seniors awarded scholarships are Gilbert Anderson, Patrick Bastien, John Hoeffler, Gabriella Malinoske, Kathleen Mulheron, Leila Phillips, Gloria Sager and Adrian Vincent.

The Scholarship department of the University of Michigan announced the awarding of two Regents Alumni Scholarships to members of the Stephenson High School Class of 1966.

The two recipients of these scholarships awarded are:

John Hoeffler, son of Mr. and Mrs. John Hoeffler of Wallace, who was also listed as a National Merit finalist by the National Merit Scholarship Corp.

Gabriella Malinoske, daughter of Mr. and Mrs. Louis Malinoske of Stephenson who is the salutatorian of the Class of 1966. Gabriella will enroll in medical technology and John in the school of architecture at the University.

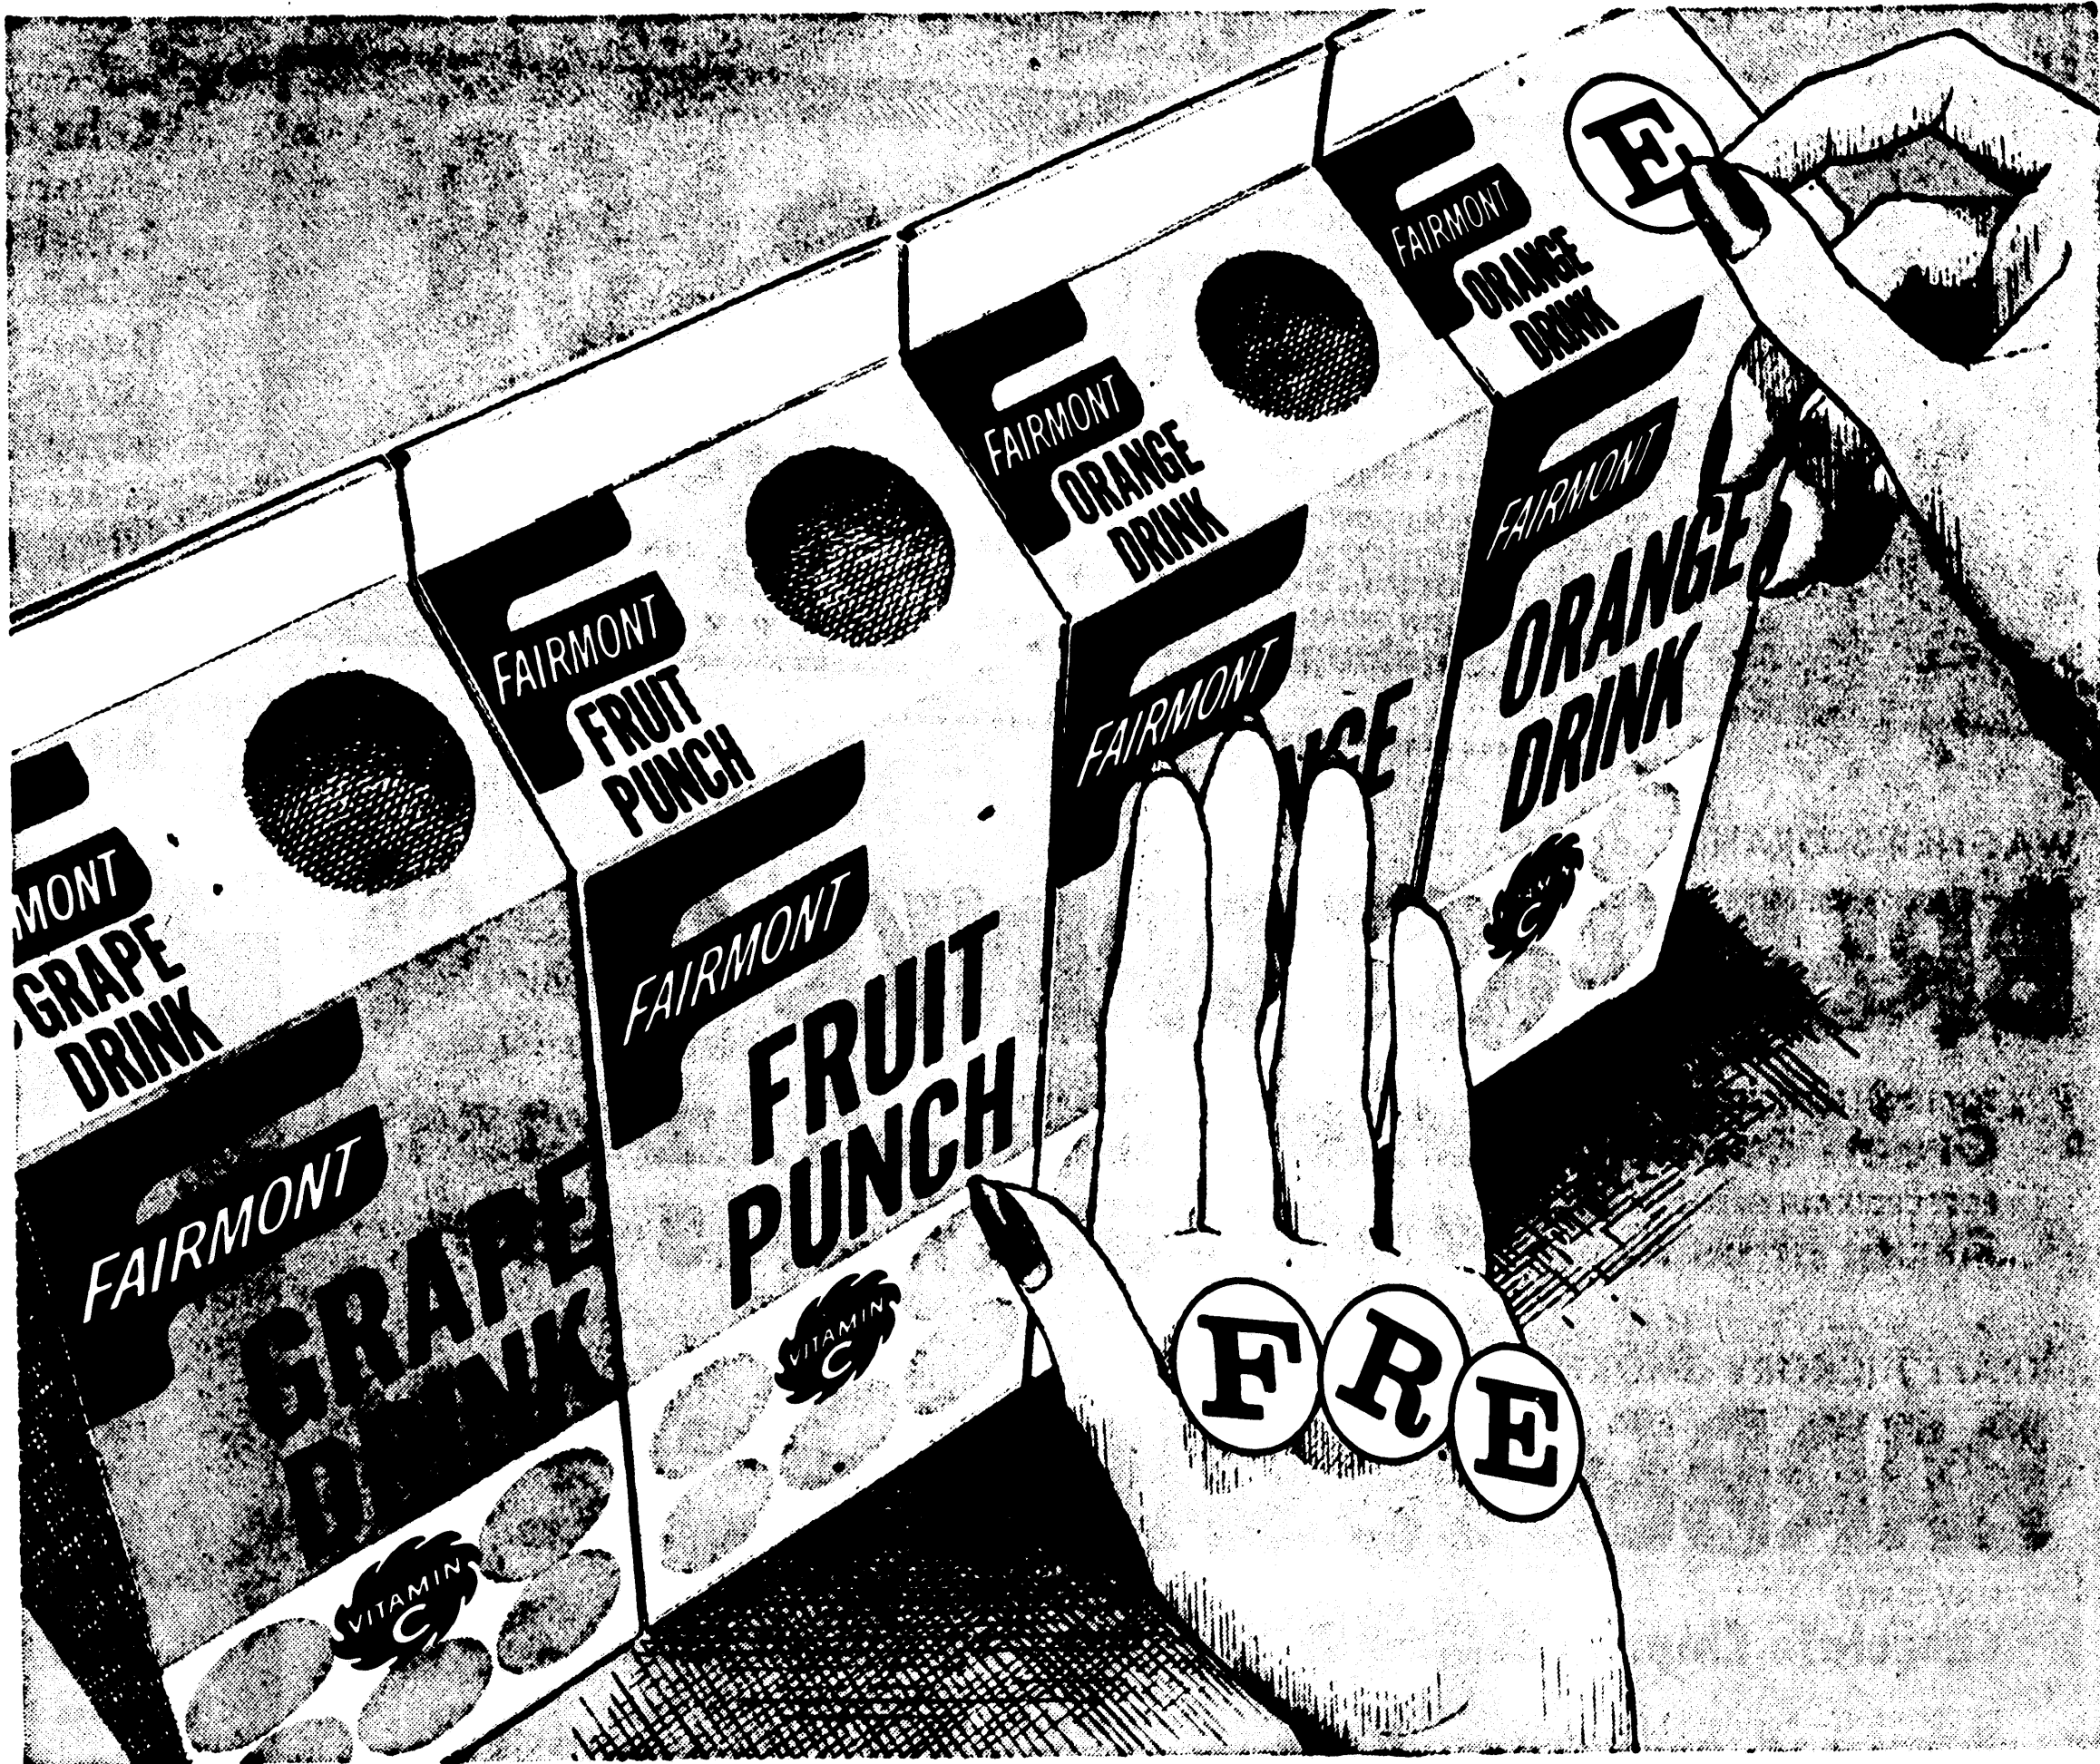

Nudists Are Not Really Farmers

CHARLESTON, W. Va. (AP) — State Agriculture Commissioner Gus Douglas said a nudist club tried to advertise its camp for sale in his agency's market bulletin.

Douglas said he had to turn them down "because nudists aren't bona fide farmers and we are supposed to serve only farmers."

Wakefield Grant

WASHINGTON (AP) — A \$132,000 grant for a sewage treatment plant in Wakefield has been approved by the U. S. Water Pollution Control Administration. Part of the cost of the \$528,000 project will be paid by a bond issue.

TROPHIES WON by Art Brien of the Escanaba Toastmasters Club were displayed at a recent meeting of the local club, when Brien was honored for his accomplishments. Brien won a first at the area contest in Iron Mountain recently and placed first in the Northern Division at Stevens Point, Wis. (Daily Press Photo)

Govt. May Aid Copper Mining

WASHINGTON (AP) — The General Services Administration is moving to encourage expansion of domestic copper production.

The GSA action came hours after Senate Democratic leader Mike Mansfield had called for an international agreement on copper production.

In a Senate speech, Mansfield said, "there is a strong possibility that copper may be pricing itself out of the market because inflationary prices are stimulating the greater use of substitutes for the red metal."

The Montana senator, whose home state is a big copper producer, expressed doubt that domestic producers could increase their production to meet demand for lower priced copper.

The GSA, however, asked firms interested in participation in its program to increase that availability of copper to notify it immediately.

The agency said emphasis will be given to expanding copper

ore production above any increase in capacity already contemplated or underway by domestic producers.

Firms seeking to begin early production of ore from properties which are not now producing copper are urged to make their plans known to GSA by May 31, whether or not they may need government assistance.

GSA said it will only undertake negotiations with firms which can produce copper from domestic facilities. A spokesman said it is planned to negotiate with interested parties on a company-by-company basis.

One of the methods which GSA said it will consider in its effort to expand copper ore production is copper purchase contracts under which the government would agree to purchase domestically produced copper under such terms and conditions as may be necessary to provide incentive needed to obtain the additional production.

Trenary

Hans Hallinen has been released from the Munising Memorial Hospital where he was a surgical patient.

The 9th grade of the Trenary School will hold a dance Friday, May 13 at the school.

The Trenary Lion's Club will sponsor the Escanaba Barbershoppers Saturday, May 14 at 8 p. m. at the school. This will be a variety program including audience participation. All proceeds will be used for the tennis court project.

Lloyd Conine is a surgical patient in the Munising Memorial Hospital.

Mrs. Claude Elmore, Swartz Creek, and Mrs. Donald Liebner, Cheboygan, have been visiting their parents, Mr. and Mrs. Vance Davis.

Sixty-five couples attended the Prom held at the Trenary School last week. During the dance Dennis Yinen and Elizabeth Storch were crowned king and queen.

The Trenary Lion's Club will meet Tuesday, May 17 at 8 p. m. at the Kiva Club house. The same evening, the club will entertain members of the Trenary Senior Class with a dinner at the Northwoods Supper Club. The class will be chaperoned by Miss Martha Campbell.

Rock

Festival of Plays

The Festival of Plays proved to be very entertaining Saturday evening at the Rock High School. It was a series of three one act plays, a drama "The Storm," a mystery comedy "Ring Around the Corpses," and a drama, "Jacob Comes Home." Usually a three-act play is put on by a class, but this year the Juniors tried something different, and the audience appreciated the effort. The plays were under the direction of Mrs. Charlene Brower, class advisor.

Babe Larson was admitted to the St. Francis Hospital last week.

The Rock Seniors have been invited to attend church services at the St. Joseph church in Perkins at 8 a. m. and the Rock Faith Lutheran church services at 9 a. m. on Sunday, May 15.

Heads Council

ANN ARBOR (AP) — Robert E. Burroughs, University of Michigan director of research administration, has been elected chairman of the Engineering College Research Council.

Women's Activities

THE FOLLOWING new officers were elected at the meeting of the Escanaba Business and Professional Women's Club held Tuesday evening at the Sherman Hotel. From left, Deanna Prokop, 2nd vice-president; Elsie Anderson, president; Ardyth Flaherty, 1st vice-president; Emily Williams, recording secretary; Becky Elder, corresponding secretary and Mary Newton, treasurer. The new officers will assume their duties on July 1. (Daily Press)

B. & P. W. Club Elects Officers Tuesday Night

Mrs. Elsie Anderson was elected president of the Escanaba Business and Professional Women's Club at a meeting held at the Sherman Hotel last evening. Other officers elected were Mrs. Ardyth Flaherty, first vice president; Deanna Prokop, second vice president; Mrs. Emily Williams, recording secretary; Mrs. Becky Elder, corresponding secretary and Mary Newton, treasurer. The new officers who will assume their duties July 1 were installed at a candlelight ceremony conducted by Jean Kasun, Assistant Director, District 2.

Elected to the nominating committee for 1966-67 were Mrs. Caroline Nystrom, outgoing president, Alvie Kvam and Esther Westerlund.

Mrs. Myrtle Bertolaet, chairman of the Finance Committee, reported on plans for the Desert Card Party to be held May 17 at the Elks Lounge. In addition to table prizes, there will be many unusual door prizes to be awarded. Mrs. Martha Olson is in charge of tickets.

Arrangements for last night's meeting were in charge of Marie Peters, Lottie Frechette and Jean Kasun.

Kathleen Beltz Engagement Told

Mr. and Mrs. Arthur C. Beltz, Big Bend, Wis. announce the engagement of their daughter, Kathleen Mary, and LeRoy J. Weberg, Milwaukee.

The bride-to-be is a 1961 graduate of Mukwonago Union High School, Mukwonago, Wis. She was graduated from the Business Institute of Milwaukee and is employed as a medical assistant in Milwaukee.

Mr. and Mrs. Arthur J. Weberg, Wells, are the parents of the future bridegroom. He is a 1958 graduate of Holy Name High School and is an alumnus of Michigan Technological University in Houghton. He is employed as a purchasing agent in West Allis, Wis.

The couple will be married on Oct. 1 in Milwaukee.

Old Fashion Sale Sponsored By Congregational

An old fashion country, spring auction and rummage sale will be sponsored by the Men's Club and Women Fellowship of Rapid River's Congregational Church. The sale will be held at the church's parish hall, Saturday, May 14 beginning at 10 a. m.

Bake goods, homemade jams and preserves will be sold with proceeds benefiting the Sunday School's camping fund. Light lunches will be served.

Sale workers are: Mrs. Carlisle Holmgren, Mrs. Walden Johnson, Sr., Mrs. Esther Caswell, Mrs. George Anderson, Mr. and Mrs. Charles Bowen, Mr. and Mrs. Leonard Nelson, Mr. and Mrs. Robert Olson, Mrs. Pete Adams, Mrs. Naomi Walters, Mr. and Mrs. Thomas Safford.

Social Club Hospital Auxiliary

Mrs. Olive Hirt is a member of the St. Francis Hospital Auxiliary recognition list of 100 hours or more of volunteer service to receive a silver pin. Her name was unintentionally omitted from the list by the committee.

St. Patrick's HS Elects Officers

St. Pat's Home and School Association held their regular monthly meeting Monday evening. The following new officers were elected: John Hjort, president; Harold Cloutier, vice-president; Mrs. Roger Murray, secretary and Mrs. Don Jacobs, treasurer.

Outgoing officers are: Fred Saykily, president; Jack Savard,

ANNOUNCEMENT is made by Mr. and Mrs. Kenneth Peterson of Fayette of the engagement of their daughter, Lois Ann, to Terry L. Ranguette of Fayette. Miss Peterson is presently employed at Abbott House, Highland Park, Ill. Her fiancé is with Shell Service in Highland Park. A July wedding is planned.

vice-president; Mrs. Roger Herson, secretary and Ed Saykily, treasurer.

Guest speaker for the meeting was Marvin Marshall.

Slide Program Presented At Auxiliary Meet

At the Rheume - Knauf American Legion Auxiliary meeting held Monday night at the Community Hall, Mrs. Philip Norman, chairman of Child Welfare, reported 400 pounds of clothing will be shipped to the Save the Children's Federation.

Linda Shiverski will go to Girls State in June sponsored by the Auxiliary. Poppy Day will be Thursday, May 26 and will be conducted by the Legion Auxiliary and Junior Auxiliary.

A pot luck dinner will be served after the Memorial Day services to the Legion and Auxiliary and their families. Mrs. John D. Krause, president of the Auxiliary, reported on her attendance of the Upper Peninsula District Conference held in Stephenson, May 1. Others attending were Mr. and Mrs. Adolph Dahl and John Krause. The attendance award was won by Mrs. Martin Kwarciany.

Mrs. Joseph Grzybowski, Jr. and Mrs. John Moniowicz showed slides of their trips to Florida, Arizona, Texas and California.

The Legionnaires joined the ladies for the pictures and the lunch served later by Mrs. Joseph Langlois, Mrs. Martin Kwarciany and Mrs. Hector Larson.

Poach canned pears in a little of their syrup in a skillet; add lots of grated lemon rind. Drain and garnish the pear cavities with sprigs of parsley (stems cut off); serve with roast leg of lamb for a Sunday dinner.

Episcopal Diocese Will Convene In Menominee

The 71st annual convention of the Episcopal Diocese of Northern Michigan and the annual meeting of the Episcopal Church women will be held May 13 and 14 in Menominee. The convention will officially open with a banquet at the Riverside Country Club at 6 p.m. Friday.

The guest speaker at the convention, Rt. Rev. James W. Montgomery, Bishop Coadjutor

Rock Seniors Return Home

The Rock Seniors have returned from their educational tour to Detroit. Traveling by chartered bus, with Mr. and Mrs. Victor Mankiewicz as chaperones, the students arrived in Detroit Friday afternoon and saw some of the city before evening. Friday night they attended the baseball game at the Tiger stadium which was within 20 minutes walking distance from the Tuller Hotel in Circus Park.

On Saturday they toured the Greenfield Village at Dearborn. In the afternoon the boys went to see another baseball game and the girls went downtown shopping, which was a ten minute walk from the hotel. Saturday night they all attended a show and had a pizza party.

Sunday morning they attended church services and also visited Belle Isle, where they saw many tropical plants, and an aquarium. They arrived home Sunday evening.

VFW Auxiliary Installs Newly Elected Officers

The Ladies Auxiliary to Hiawatha Post 2998 V.F.W. held their monthly meeting Monday, May 9 at the V.F.W. Hall.

Memorial services were held in honor of departed sisters: Flora Morin, Marjorie Schutte, Jennie Owens, Cecelia Fish, Melvina LaCombe, Marie O'Donnell, Jerusha Ramspeck, Rose Luecke, Almina Curtiss, Lillian Embs, Gertrude Judson, Ellen Marie Nelson, Anna Naumann, Gertrude Rafalli. A donation was made to Radio Free Europe.

Delegates elected to the Department Convention in Grand Rapids are Mary St. Jacques, Lorraine Briere, Selma Bryers, Betty Anzalone, Vina Osier and Myrtle Trombley. Alternates are Ethel Skoglund, Florence Tebear, Jacqueline Fain, Viola Berg, Carol McMahon, and Hazel Madalinski.

Trenary Seniors Return From Class Trip

Sixteen seniors from Trenary High School returned Friday, May 6, from their class trip to Washington, D. C. Class advisor, Miss Frank Campbell and Mrs. Marla Richmond accompanied the students on their trip.

The group stayed in Arlington, Va. While in Washington, the group toured the Capitol, the Supreme Court, the Library of Congress, the White House, the Smithsonian Institution, the National Archives and the National Historical Wax Museum. A night tour of the city included stops at the Lincoln Memorial, the Jefferson Memorial, the Washington Monument and Tomb of the Unknown Soldier.

The seniors also visited the two Jimma Memorial, Alexandria, Mt. Vernon, the Washington National Cathedral, the Mosque and the Shrine of the Immaculate Conception. On Wednesday evening, the members of the class attended three one-act plays at the Washington Theatre. Enroute home, the seniors visited Gettysburg and viewed battles on the electric map.

Students making the trip were: Ann Finlan, Kristine Hager, Margaret Peterhoff, Shirley Sichel, Elizabeth Storch, Nadine Posenke, Loraine Peterson, Sally Savola, Ronda Bucholtz, Daniel Wright, Jeffery Malnar, Dennis Ylinen, Leo Aho, Robert Hallinen, Robert Webber and Clarence Johnson. The Senior Class of the Trout Creek High School accompanied the Trenary seniors on the trip.

Open House For William Winters'

Mr. and Mrs. William Winters of Garden are celebrating their golden wedding anniversary on Saturday, May 14.

An open house will be held for the couple at the St. John Hall in Garden from 5 to 8 p.m. on Saturday. All friends, relatives and neighbors are cordially invited to attend.

Ever serve corned beef hash this simple but good way? Turn the hash into a shallow baking dish or glass pie plate; top with lots of grated cheddar cheese and bake until piping hot. If necessary, run under the broiler to brown.

Judge Election Bill Is Passed

LANSING (AP)—The House returned to committee Wednesday a bill which would allow counties to appoint a professional tax assessor to take over assessment duties now handled by cities and townships.

The measure, which backers said was aimed at making assessments more fair and uniform, went back to the House Taxation Committee on a 53-39 vote.

Opponents argued that local assessors, often elected township supervisors, are easier for a taxpayer to contact if he feels his assessment is wrong.

Backers contended this was the problem, and that township supervisors who do assessing may lower assessments when a voter complains.

The House also passed a bill designed to stagger the terms of circuit court judges so that not all of them would come up for reelection at the same time. The bill, passed 92-1, provides for some of the judges elected in 1964 to serve eight years and others six.

Once the staggering system is implemented, all circuit court judges will serve six-year terms.

The bill, which already has passed the Senate, now returns to that chamber for agreement on House amendments.

Chips And Splinters

Contributions To Chips Welcomed
(EDITOR'S NOTE: The following letter was written to Mrs. F. W. Knauf, 1714 10th Ave. S., as a Mother's Day greeting by her daughter, Mrs. Marguerite Lamotte, Santa Fe, New Mex. The letter is published by the Daily Press because it sincerely expressed the thoughts of a daughter for her mother on Mother's Special Day.)

Dear Mom:
Yes, the card writers can be very flowery when it comes to writing messages for birthdays, Christmas, Easter and Mother's Day. But I guess there isn't anyone who can write for you the thoughts one thinks when I recall all the memories of my life that hinge in the influence you have had on me.

I know that when children are small they are very selfish and think only of themselves, and it is only as we mature that we realize that many other people are more important than ourselves. So now that I look back and think of all the work you did and all the sacrifices you made for our family, I realize what a wonderful Mother you are.

I have many times realized how fortunate I am that I had a family of many sisters and brothers along with two wonderful parents who as a unified group taught me many things that have been very important and beneficial to me: the most important being how to get along with other people. This has probably been the most important lesson, since all my life I have worked with many people.

The lessons you have both taught us, such as learning responsibility by means of having had jobs to do as we grow up, learning to give and take, our religious training are all things children can gain only by means of a good parental training. We all realize that bringing up our family was a very difficult experience, but because of your rugged stamina you persevered and produced 9 healthy individuals who I am proud to say have all developed into respectable citizens and each has made a contribution to society.

So on this Mother's Day, I want to express my appreciation for what both of you have done for me and all of us. This can never be measured in any way, nor can it ever be repaid. We can only thank God for having had such wonderful people as you our Mother and Father.

Sailing Hardships

SAN FRANCISCO (AP)—West Coast sailors may be guaranteed shipboard 21-inch television sets, steam irons and automatic ice cube machines in their new labor contract.

Those items were included in a tentative agreement made public by the AFL-CIO Seafarers Union and the Pacific Maritime Association, an employer group.

Up The Ladder

FLINT (AP)—James R. Burroughs has been stepped up from president to chairman of Citizens Commercial & Savings Bank, with J. Edington Burroughs becoming honorary chairman. Gordon A. Fleming was promoted to president from senior vice president.

Nahma

Mrs. Roland Bramer and infant daughter, Jeri Jo, were dismissed Monday from St. Francis Hospital.

Mrs. Warren Miller of Anderson, Ind., spent a few days here at the home of her mother-in-law, Mrs. Emily Miller. Mrs. Mike Washut and Mrs. Eva Mercier left Sunday for Milwaukee where they will spend a week visiting their children.

Dennis Pomeroy left Sunday for Anderson, Ind. where he will be employed for the

Sault Cheers Recommendation

4-Year College Proposal Hailed

A 3-point proposal recommending immediate action to establish a four-year baccalaureate degree program in three fields at Sault Ste. Marie Branch of Michigan Technological University has been made by a special study committee to the State Board of Education meeting Wednesday at Lansing.

The committee has been studying the proposal since last October. State Board of Education members indicated its action on the recommendations would come at a later meeting, possibly May 23 or 24.

Recommended were degree courses in biological sciences,

medical technology and business administration in the 1966-67 academic year at Sault Branch.

The State Board of Education was also urged to grant the Branch independence from the Houghton university.

State Senator Thomas Schweigert (R-Potosky) today said "I am delighted to learn that the State Board of Education has authorized bachelor degree programs in three fields at the Sault Ste. Marie Branch of Michigan Technological University."

"The recommendation that steps be taken to grant independent status to the Sault Branch also is welcome news to me and I intend to commence working towards legislative implementation of the objectives from now until it is obtained."

"Northern Michigan in general and the eastern Upper Peninsula in particular will be able to offer a better educational opportunity for its young people with a nearby, four-year college."

Missile Model To Be Shown At Sawyer May 22

K. I. SAWYER AFB—A one-tenth scale model of the U. S. Air Force Minuteman intercontinental ballistic missile will be on display at K. I. Sawyer for the annual Armed Forces Day open house Sunday, May 22 from 11 a. m. to 5 p. m.

Relatively small and bullet-like in appearance, compared to the Atlas and Titan series missiles, the actual Minuteman weighs less than 70,000 pounds, carries a nuclear warhead, and is as tall as a six-story building. It is designed to be placed in hardened and dispersed underground sites virtually immune from enemy attack.

Only a direct hit on a silo will knock out the Minuteman. It is fired from underground, travels 700 miles high, covers intercontinental distances and travels 22 times the speed of sound. It carries an unjamming, inertial guidance system.

Also appearing at the open house will be a U. S. Air Force exhibit featuring the YLR-99 rocket engine, powerplant for the X-15 aerospacecraft.

Honor For Cisler

DETROIT (AP) — Walker L. Cisler, chairman of the board of Detroit Edison Co., will be awarded an honorary degree of doctor of public service by the Detroit Institute of Technology tonight.

LEGAL NOTICES

NOTICE OF REGISTRATION OF THE QUALIFIED ELECTORS OF ESCANABA AREA PUBLIC SCHOOLS

Residing within the Townships of Wells, Cornell, and Ford River of Delta County and within the Township of Wells, Marquette County, Michigan, and who are entitled to vote in the Annual School Election to be held on Monday, June 13, 1966, are hereby notified that the Board of Education of the Escanaba Area Public Schools, Delta and Marquette Counties, Michigan, will hold the ANNUAL SCHOOL ELECTION in said School District on Monday, June 13, 1966.

Section 532 of the School Code of 1955 provides as follows: "The inspectors of election at any annual or special election shall not receive the vote of any person residing in a registration school district whose name is not registered as an elector in the city or township in which he resides."

The last day on which persons may register with the appropriate township clerk in order to be eligible to vote at the Annual School Election to be held on Monday, June 13, 1966, is May 16, 1966. Persons registering with the township clerk after May 16, 1966, will not be eligible to vote in said Annual School Election.

Under the provisions of the School Code of 1955, registrations will not be taken by school officials, and only persons who have registered as general electors with the township clerk of the township in which they reside are eligible to vote at the Annual School Election. Persons planning to register with the township clerk must ascertain the dates and hours on which the clerk's office is open for registration.

This notice is given by order of the Board of Education of the Escanaba Area Public Schools, Delta and Marquette Counties, Michigan. Clara Mendenhall, Secretary, Board of Education.

17234, May 9 & 12, 1966

NOTICE OF REGISTRATION OF THE QUALIFIED ELECTORS OF ESCANABA AREA PUBLIC SCHOOLS

Residing within the City of Escanaba, Delta County, Michigan, and who are entitled to vote in the Annual School Election to be held on Monday, June 13, 1966, are hereby notified that the Board of Education of the Escanaba Area Public Schools, Delta and Marquette Counties, Michigan, will hold the ANNUAL SCHOOL ELECTION in said School District on Monday, June 13, 1966.

Section 532 of the School Code of 1955 provides as follows: "The inspectors of election at any annual or special election shall not receive the vote of any person residing in a registration school district whose name is not registered as an elector in the city or township in which he resides."

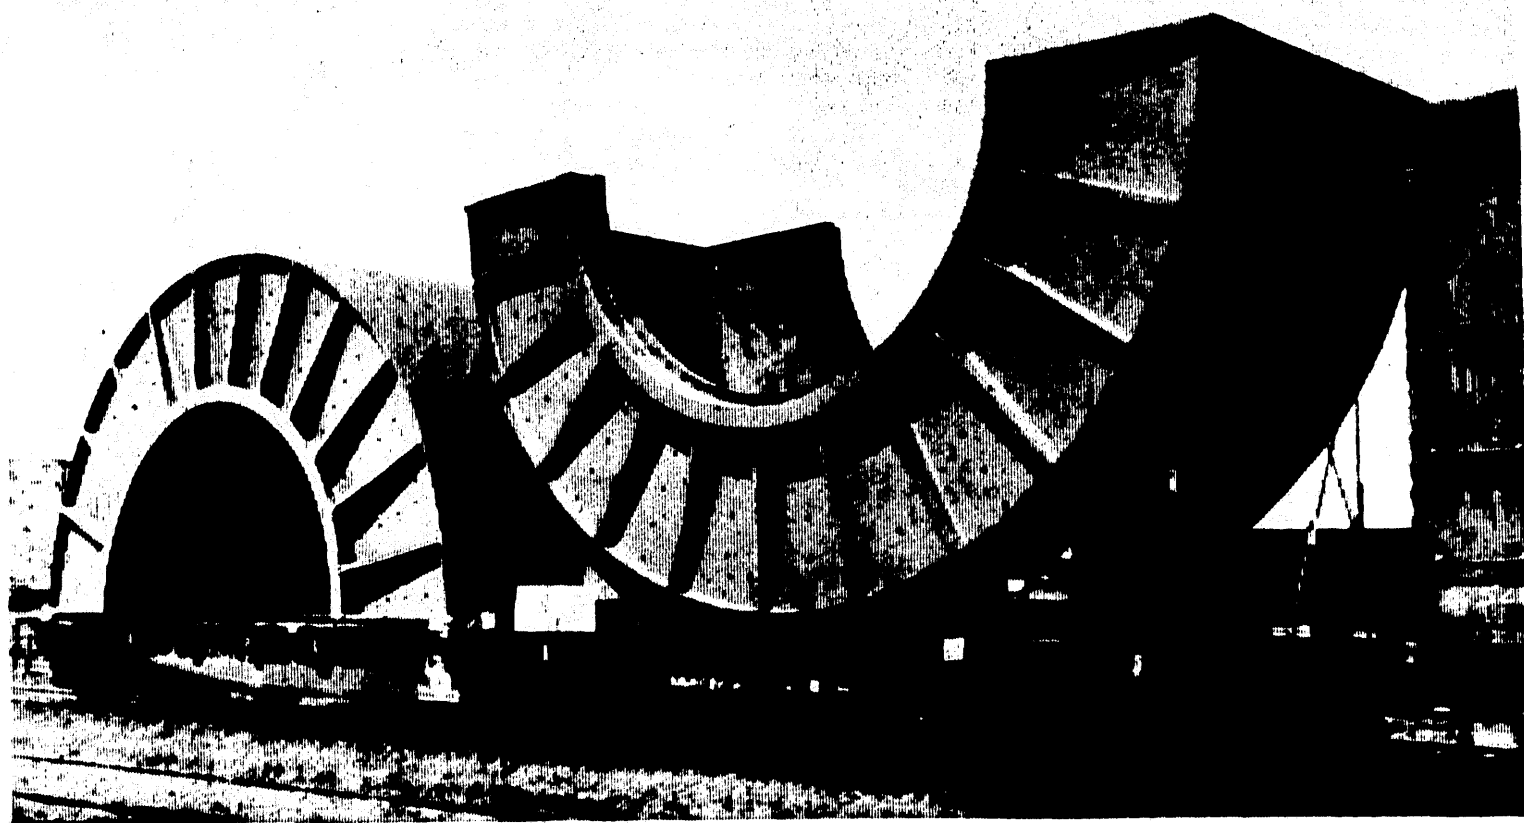

THE BOARD OF EDUCATION OF THE ESCANABA AREA PUBLIC SCHOOLS, Delta and Marquette Counties, Michigan, hereby gives notice that the city registration records of the City of Escanaba will be used in this Annual Election to be held on Monday, June 13, 1966, and only such persons may vote at said election whose name is registered as an elector in the City of Escanaba.

TAKE FURTHER NOTICE that the office of the City Clerk in the City Hall, in the City of Escanaba, will be open for the purpose of taking registrations from 8:00 A.M. until 5:00 P.M., each weekday, Saturday and any legal holiday excepted.

The last day for registering is Monday, May 16, 1966, on which day the office of the City Clerk will be open for the purpose of taking registrations from 8:00 A.M. until 5:00 P.M., Eastern Standard Time.

This notice is given by order of the Board of Education of the Escanaba Area Public Schools, Delta and Marquette Counties, Michigan. Clara Mendenhall, Secretary, Board of Education.

Ontonagon Gets Housing Funds

WASHINGTON — Loans for housing projects for senior citizens in Ontonagon and Alpena have been approved by the U. S. Department of Housing and Urban Development. A \$164,405 increase in a 1965 loan of \$408,714 to the Ontonagon Village Housing Commission will provide for 10 additional units. The 1965 loan was for 30 units, at an average cost of \$10,377 each.

Also approved was a \$14,000 loan to the Alpena Housing Commission, for preliminary planning of 70 low-rent homes for the elderly.

"Approval of these loans is a welcome development in the Upper Michigan housing picture," Congressman Raymond Cleveland commented. "I hope the initiative displayed by Ontonagon and Alpena will encourage other towns in our area to take similar steps to improve our still-deplorable housing situation. Over 33 per cent of 11th District housing is classified as substandard, compared with a state average of 13 per cent."

Ancient Autos To Be Displayed

GREEN BAY — About 40 members of the Horseshoe Carriage Club of Wisconsin are putting in extra hours this week cleaning, tuning and polishing their hobbies for presentation in the Brown County Veterans Memorial Arena Antique Auto Show this weekend. Members will put over 80 ancient vehicles on display at 5 o'clock Friday night, continuing at 1 o'clock Saturday and 1 o'clock Sunday.

Opener

MADISON, Wis. — Wisconsin anglers are casting a weather eye at the thermometer as the calendar moves towards Saturday, and the opening of the Badger State fishing season. Trout, muskies, northern, walleye and sauger become legal throughout the state starting Saturday. Bass open south of Highway 64 with June 4 the date for the opening in the north.

Grant To Kazoo

KALAMAZOO (AP) — The National Science Foundation has given \$12,200 to the Kalamazoo College chemistry department. The grant, to be matched by the college, will be used to purchase additional equipment and library facilities.

Area Youths At Forestry Camp Awarded Honors

Forty high school boys and 10 instructors, sponsored by the Upper Peninsula Power Co., attended a three-day conservation workshop at the Trees For Tomorrow Camp at Eagle River, Wis., recently.

Students and instructors from the local area included: from Bark River, Thomas DeBakker, instructor, Eric Ahlin and Herbert Peterson, students; from Rapid River, Marc Hebert, instructor, Tom Novak and Tom Safford, students; from Escanaba, Thomas Hughson, instructor, Gerald DeStrampe, Eric Froberg, Eugene Gonsowski, Rick Larson, William Porath and William Shiner, students.

The Workshop was officially opened Wednesday evening when Walter Kuntze, Forester of the Upper Peninsula Power Company, Houghton, Michigan, gave a short introduction to the objectives of the workshop. The movie "Trees For Tomorrow Story" concluded the evenings activities.

The students toured the Trees For Tomorrow demonstration forest, Rainbow Flowage, a beaver pond, Rhineland Paper Co., a ranger station and the Institute of Forest Genetics at Rhineland.

Boys awarded outstanding student achievement badges included Tom Safford, Eric Ahlin and Gerald DeStrampe.

Crashes Party, Three Injured

MOUNT CLEMENS (AP) — Steward E. Smith "crashed" his wife's all-women card party. "I thought I had applied the brakes but I hit the gas pedal," Smith, 53, told Macomb County sheriff's men in describing how his car spurted out of his garage, up the front steps and into his living room Tuesday night.

Three of Marge Smith's eight guests were struck by the auto. Two were treated at a hospital and one was admitted with several fractured ribs.

Smith, who had opened the car door and stepped into the living room, said he tried to pull the car back out.

"The tires just spun on the carpet and burned a couple of holes in it," he said. He called a tow truck which removed the auto from the brick ranch home.

Study Awards Go To Teachers

BARK RIVER — Raymond Gardapsee, social science instructor at the Bark River-Harris High School, has been awarded a fellowship to Northern Michigan University's N. D. E. A. Institute in American History.

Gardapsee will attend for an eight-week period, June 27 to Aug. 19. He has been a teacher in the Bark River-Harris School District for four years.

Bernard Maynard, science and math instructor at the Bark River-Harris High School has been notified that he is the recipient of a scholarship to attend an Earth Science Institute at Michigan Technological University, sponsored by the National Science Foundation.

He will study geophysics, meteorology, and geology from June 20 to Aug. 12. This is Maynard's second year in the school system.

Briefly Told

Iron Ore Handlers, Lodge 400, will meet at 7 p. m. Friday at the Eagles Club.

Escanaba police are investigating a complaint of a hit-run accident in the 700 block, Wednesday, Kenneth Heikkinen, 401 S. 9th St., told police that while his car with two small children in it was parked, it was struck by a hit-run car and that one of the children was knocked to the floor.

Donald Flath, 521 N. 18th St., reported to Escanaba police this morning that his automobile, a 1953 Chevrolet club coupe white over blue, was stolen last night. The license is UG-1463.

The Bay de Noc Beagle Club will hold a regular meeting in the office of Al Mortier, Gladstone, at 8 p. m. today. Trial runs and a running schedule will be discussed and future activities will be planned.

Pine Forest Women's Volley Ball season will begin Tuesday, May 17 at 7:30 p. m. All members and guests are invited to attend.

Marriage license applications have been made at the County Clerk's office by Donald Williams Silverstone, Felch, and Patricia Gail Costley, 801 S. 20th St., and by Marshall Francis Sodergren, Rte. 1, Escanaba, and Bonnie Marie Plouff, Rte. 1, Gladstone.

Dog Quarantine Shatters Dream

NEW YORK (AP) — Don't tell George Jones that the Irish are great lovers of horses and dogs.

Irish eyes didn't smile on Kim, a mixture of boxer and terrier, says Jones, 68. So he gave up his hopes of retiring to County Cork with his wife, Julia, 61, and Kim, who is 10.

"The Irish don't have any heart. They didn't seem to understand the attachment a man can have for an animal," said Jones today at the home of a friend in Queens.

He's staying there because he sold his house before leaving for Ireland three weeks ago.

As Jones tells the story, Irish customs officials at Shannon Airport told him Kim would have to stay in quarantine for six months. That's the law, and the tearful pleas of Jones and his wife couldn't swing an exception.

What the Irish couldn't understand, Jones said, was that "we have no children. We are wrapped up in the dog. We need some love and Kim fills the bill."

From Shannon, Kim was shipped off to quarantine in Dublin while the Joneses went to Cork, where Mrs. Jones was born and where three of her sisters and a brother still live.

Twice the Joneses journeyed the 168 miles from Cork to Dublin to see Kim. But early this week they decided that neither they nor Kim could stand it any longer.

"The dog would have grieved

Standard Oil Dealers Meet At The Terrace

More than 100 Standard Oil sales agents and dealers from Northern Michigan attended the annual sales conference today at the Terrace, according to W. R. Ragsdale, district manager for Standard Oil Division of American Oil.

All phases of the company's marketing plans for 1966 were covered in the meeting. Dealers were told of the station service and appearance program, the new American Oil Motor Club, and the advertising scheduled for the rest of 1966.

At the conclusion of the session, Ragsdale presented service plaques to long-time dealers and sales achievement awards to those dealers and agents with outstanding sales records.

Two Wounds Is Quota For Navy Viet War Zone

WASHINGTON (AP) — Navy officers and enlisted men who suffered two wounds in action will be reassigned to duty outside the Viet Nam area.

They also will be exempt from any further service in the war zone.

An order, issued April 25, sets up the procedure for reassigning Navy men twice wounded in Viet Nam or the waters near that country.

It applies to men whose wounds were serious enough to require more than 48 hours of hospitalization each time.

Men who incur nonbattle wounds or injuries will not be eligible.

The exemption is not compulsory. A twice wounded man may stay on in the war zone if he so requests in writing.

Police Graduate 48 New Troopers

EAST LANSING (AP) — State Police will graduate a class of 48 probationary troopers Friday at East Lansing. Another class of about 100 candidates will start training at the East Lansing headquarters May 23.

Named Secretary

CHICAGO (AP) — Owen R. Pinkerman, director of William Beaumont Hospital in Royal Oak, Mich., was named secretary of the Tri-State Hospital Assembly at its meeting in Chicago this week.

Services Held For Albert Bovin, 63, Former Resident

Funeral services for Albert (Bib) Bovin, 63, of Albion, former resident of Gladstone, were held Wednesday in Albion. Burial was made in an Albion Cemetery.

Mr. Bovin died suddenly last Sunday. He was born in Masonville and attended Gladstone Schools. He was employed in Albion by the Corning Ware Works.

Survivors include his widow, Ione; two brothers, Carl and Henry of Gladstone; two sisters, Mrs. Merwin (Bella) Kirchner of Jackson, and Mrs. Orville (Gertrude) Bizeau of Gladstone, and several nieces and nephews.

GLADSTONE

National Guard Drills Resume

Outdoor training for Company E, 107th Engineers, Michigan National Guard, will resume with drills Saturday and Sunday, according to Capt. George Anderson, unit commander.

Anderson said a heavy schedule is planned with rifle firing Saturday and infantry tactics Sunday.

He said that all men are required to attend the training assembly because of recent changes in attendance regulations. Absence from any drill will be for emergency reasons only.

The unit will also have a pre-camp training and information conference Sunday in preparation for summer camp which begins June 18 at Camp Grayling. The Gladstone bridge company will have over 60 new recruits at summer camp this year.

Anderson reported that Sgt. William Bucholtz of Escanaba and Sgt. Gilbert Helgemo of Gladstone have been assigned to the State Police Post at Gladstone to assist in traffic patrol work for the coming Memorial Day weekend.

He said over half of the guardsmen in the company have completed familiarization and record firing of M-1 rifles. The rest of the men are expected to complete firing for score Saturday. A trophy will be provided for the recruit with highest range score.

Sunday's drills will concentrate on tactical maneuvers.

Services For Ray L. Kegell Held In East

Funeral services for Raymond L. Kegell, 57, former Gladstone resident, who died suddenly May 2 in Plainville, Conn., where he has been residing, were held Thursday with burial in that city.

Mr. Kegell graduated from Gladstone High School in 1926 and from LaCrosse Teachers College before obtaining his Masters Degree in education from Springfield College, Springfield, Mass. He taught in the Waterbury and Geneva, N. Y. school systems before going to Plainville where he taught History for nine years. He was very active in youth work and served on the Plainville Board of Education.

Survivors include his wife, Mary, also a teacher in the Plainville school system, three daughters, one of whom had graduated from the University of Michigan the Saturday before her father's death; one son, three brothers, John, of Gladstone, Frank, of Rapid River and Milwaukee, and Harold of Rock; and a sister, Mrs. Beatrice Denter of Milwaukee.

Mr. and Mrs. Harold Kegell, and John and Frank Kegell returned Tuesday after attending funeral services in Plainville.

Past Commanders Meet On Friday

The 40 at 8 Past Commanders of August Mattson Post 71 will meet at the Legion Hall Friday the 13th for a Lake Trout Supper prepared by "Cappy" Keil. The Past Commanders meet only on Friday the 13th and this is the only meeting that will be held this year.

Louis Hillewaert is president of the past commanders and H. J. Skogquist is secretary.

Past Matrons, Patrons Honored

Minnewasca Chapter 98, Order of the Eastern Star, will honor their Past Matrons and Past Patrons at the annual banquet to be held at the Masonic Temple Saturday, June 4.

Mrs. Pearl Warner, Worthy Matron, asks that all those planning to attend the banquet have their reservations in with either Mrs. Evelyn Holmberg, Mrs. Nettie Lundmark or Mrs. Warner by May 31.

Obituary

CHESTER W. DEROCHE
Complete funeral services for Chester W. DeRoche will be held at the Skradaki Funeral Home chapel at 2 p. m. Friday with Rev. Clifford DeVore officiating. Burial will be in Fernwood Cemetery. Friends may call after 4 p. m. today.

ARTHUR RAYMOND
Complete funeral services for Arthur Raymond were held at the Skradaki Funeral Home chapel at 10 a. m. today with Fr. Joseph Charlebois officiating. Burial was in Moss Lake Cemetery.

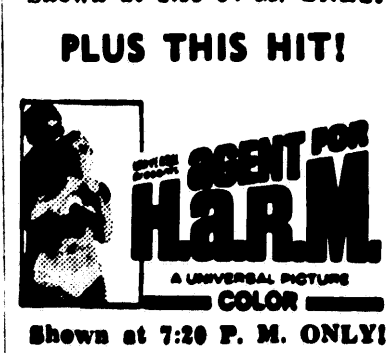

Briefly Told

State Police report Orville Pederson, Rte. 1, Rapid River, struck a deer with his car at 2 a. m. Wednesday on County Rd. 513 in Bay de Noc Township.

William DuBord, Rte. 1, Escanaba, was ticketed by State Police Wednesday for disregarding a stop sign.

In Service

Pfc. Donald J. Creten, son of Mr. and Mrs. Joseph Creten, 606 N. 16th St., has recently arrived at Vietnam. He entered service in May of 1965 and received his basic training at Fort Knox, Ky. He also trained at Fort Gordon, Ga. and Fort Wainwright in Alaska before going to Hawaii where he received Jungle training in preparation for service in Vietnam. Donald is a 1962 graduate of Holy Name High School and his address is: Pfc. Donald J. Creten, U. S. 55806715, Co. B, 4th Battalion, 9th Infantry (Manchu) First Brigade Task Force, 25th Division, A. P. O. San Francisco, 96225.

The American demand for popcorn consumes 324 million pounds of raw corn annually.

Ensign

Visiting at the Wallace Birk home in Ensign were Mr. and Mrs. Carl Swanson of Appleton. Mr. Swanson and Mrs. Birk are brother and sister and were raised in the Hermansville area.

Miss Lily Hansen and Miss Marion Shane have returned to their homes in Ensign after a pleasant winter stay in St. Petersburg, Fla. When they left Florida for home, it was 90 degrees.

Safford Appointed
Thomas Safford of Ensign attended the recent Delta County 4-H Council meeting held at the Delta County Building, Escanaba. He was appointed to serve on the area 4-H council which includes the three counties of Delta, Menominee and Schoolcraft. He will also serve on Delta County's award

committee. Other council appointees were: area council, Mrs. Ray LaMarch, Danforth, Mrs. Clarence Dittich, Hyde, and alternate, Mrs. Robert Walker, Gladstone; awards, Mrs. LaMarch, Mrs. Albert Welldum, Rock, and Mrs. Reginald Piron, Wells.

Ensigner Club
Ensigner 4-H Club will participate in the 4-H Sunday service held Sunday, May 15, 10:45 a.m. at Rapid River Calvary Lutheran Church. All Ensign Club members are to meet at the church at 10:30 a.m.

Landscape Project
The Ensigner 4-H Club will continue its community beautification project at the Ensign Township Hall. Mrs. Stanley Dominick's flower project members will plant flowers in the flower beds. Mr. Dominick's landscape members will mow

the lawn and keep the grounds presentable during the summer months. The Ensign Rifle Club members will continue work on the community rifle range made by the club members last year with the help of the U.S. Forest Service.

Registration for the Ensigner 4-H Summer Club closes Sunday, May 15. Any boy or girl

Women's Club Entertains MHS Senior Girls

A musical, floral and rhythmic salute was paid girls of the 1966 Manistique High School class by the Women's Club Tuesday in Augustana Hall.

Charmingly-attired seniors were presented yellow roses, their class flower and given name tags by members of the hospitality committee and then signed a guest book.

Patti DeSautel accompanied by her sister, Mary Jo, sang "Dolly" and Mrs. Dorothy Shipman, retired librarian from the Manistique and Adrian libraries, presented rhyming accounts of activities and pranks of the parents and several members of the school faculty in years preceding.

Refreshments were served from a table with a floral centerpiece wishing success to the graduates.

The tea, considered a successful event was the first of the club for senior girls.

Plan Volleyball Tourney Friday

The women's volleyball tournament will be held at 7:30 p.m. Friday in the MHS gym. Eight teams, five from the city and one each from Hiawatha, Gulliver and Fairview have been playing. A small admission will be charged, with proceeds to be given to a school organization.

Cheerleaders

Mary Hoholik, Amy Olson, Sally Popoure, Kathy Rehn, Sandy Schwichow and Rita Tonnesson were chosen for the varsity cheerleading squad at Manistique High School next year. Reserves chosen are Kathy Cook, Wendy Elliot, Jane Hoholik, Sheila Lamirand, Shirley Osterhout and Diane Pace. Twenty students tried out. Six teachers, three cheerleaders and two members of the student council formed the judging panel.

Dr. Hawn Heads Area Republicans

Dr. Robert E. Hawn has been elected chairman of the Schoolcraft County Republican committee, filling the vacancy created by the resignation of Charles Varnum, who is a candidate for 107th district state representative.

Dr. Hawn is a native of Houghton and a 1937 graduate of the University of Michigan school of dentistry. He served two years at the U. S. Naval Training Center in Great Lakes, Ill. and has been in practice here since July, 1959.

He is a member of the Elks, Knights of Columbus and the Lions Club, of which he is past president. He is presently zone chairman and co-chairman of the District 10 sports committee. He is also president of the Thursday men's bowling league.

Dr. and Mrs. Hawn and their six children reside at 214 Range St.

Dr. Robert Hawn

Briefly Told

Mom's Unit 31 meets May 27 instead of May 20.

A car driven by Orville Dent, 24, of Lansing hit a deer at 5 a.m. Wednesday on U.S. 2 in Mueller Township.

State Police are investigating reports of break-ins at cabins of Larry Boyd, Big Stevens Lake, H. S. Burson of Syracuse, Ind., on Foote Lake and of Austin Brown, of St. Mary's, Ohio, also on Foote Lake. A report of malicious destruction of the Joe Purzycki cabin on the Manistique River, near Wyman Nursery, also was received.

Fine of \$10 and costs and probation to clean-up County Road 441 from 440 south to the fork with 441 were assessed for J. Kelly, 18, of 600 Arbutus Ave., in Justice Court on a State Police ticket for littering. He also was assessed fine of \$25 and costs and placed on probation 60 days not to drive on a charge of speeding, by the Public Safety department. State Police also ticketed Barry L. Barter, Houghton Lake, speeding and Dan S. Smith, Muskegon, non-stop. Charles P. Hansen, 530 Washington, was ticketed by Public Safety officers for expired operator license.

Newspaper want ads are a big sell! Eight hundred million was spent on classified ads last year - more than for all television spot announcements or radio advertising.

Freeze Blights Fruit Prospect

By The Associated Press
Damage estimates continued to climb Wednesday while hopes for a normal harvest in Michigan's \$100 million fruit crop industry sank as a result of freezes hitting orchards in bloom.

"Right now we're hoping, just hoping, that the cherry crop will even be as big as the short crop of 1963," said T. C. Stebbins of Grand Rapids, secretary of the Michigan Cherry Commission.

The 1963 output was 72 million pounds, smallest in 18 years. It brought a price of 9.5 cents per pound.

Stebbins compared that with the 1964 total of 296 million pounds packed and another 18 per cent left unharvested. The 210 million pounds processed last year was good for only 4.5 cents per pound.

William Greveling, member relations manager at Lawton for the National Grape Cooperative, said damage in Berrien and Van Buren County vineyards runs from a trace to 50 per cent of the primary buds. Members last year produced more than 60,000 tons of grapes, mostly from the two counties.

Greveling said there still was a chance for a "moderate crop" if secondary buds were unharmed. Prospects for all fruit crops in southwestern Michigan, which annually account for \$20 to \$35 million of the state total, looked poor Wednesday.

Dr. Cain Speaks

WASHINGTON (AP)—Dedication of the \$1.4 million Bureau of Commercial Fisheries Research Laboratory on the University of Michigan's north campus in Ann Arbor will be Thursday. The Interior Department announced Dr. Stanley A. Cain, assistant interior secretary, is to speak.

Dress Rules

LOS BANOS, Calif. (AP)—Officials of the Los Banos Unified School District have set up some rules governing pupil dress.

Boys cannot let bangs grow past their eyebrows. Hair may not extend below the normal position of a shirt collar. No beads, except on special occasions.

Girls can't wear dresses that are so long, so short, or so low as to be extreme or distracting.

Religious Study Time Approved

A request of the Manistique Ministerial Assn., to set 8:15 to 10:15 a.m. Wednesdays as the time for released-time religious instruction in the various churches next year was approved Tuesday night by the Manistique Board of Education.

All eight grades would be participating under present plans. This year upper grades went on Thursday afternoons, if parents of youngsters desired.

Lawrence Gorsche and Mrs. Richard Berger were reappointed to the school board of canvassers and nine persons who served last year on the election board were approved as election workers.

Purchase of a new scoreboard as recommended by a committee was reaffirmed after study of previous board minutes to determine if stadium funds might be used.

Announcement was made of receipt of an allocation of \$1085 under the Elementary Education Act for library supplies and materials, and a \$66,100 program for improvement in basic skills with emphasis on reading. An 8-week program of classes meeting three hours per day for 437 students is planned. There would be 17 elementary and 17 secondary classes.

The board approved use of the Putnam property for a drop-in center for senior citizens, with maintenance to be obtained from other sources. A motion was made endorsing a proposal for a special education millage levy.

Physics-math, vocal music, elementary and Type A special education teaching vacancies exist, the superintendent's report showed. Contracts have been executed with Marjorie Swanson for basic skills improvement assignment and Stanley D. Arnold, commercial subjects. A contract also has been approved for Ronald Rubick.

An architect's planning report was received, as was information on preparation of deed and abstract for purchase of property for the site of the new school. Architectural sketches in classroom design are being prepared.

A plan to use the city bus for science enrichment and cultural activities in summer was presented. The June meeting was scheduled June 7. Board members agreed to strive to complete meetings by 9:30 p.m.

Mrs. Krumrey's Father Dies

Ernest Schmicker, 84, of Elgin, Ill., father of Mrs. Karl Krumrey, died Wednesday. Mr. Schmicker, who sought asylum from East Germany in 1951 spent summers with Mr. and Mrs. Krumrey here.

He was an interior decorator and reared a family of nine children. Four of them are still in Germany, two in West Germany and two in East Germany. He also has 20 grandchildren and six great grandchildren.

Mrs. Schmicker passed away in 1956 in Elgin.

Mr. and Mrs. Krumrey left today for Elgin. Wait-Ross-Alanson Funeral Home will be in charge. Burial will be in Bluff City Cemetery at Elgin.

Hospital

Admitted to Schoolcraft Memorial were Jimmy DuBois, M-94, Paula Rosebush, Gulliver, Genevieve Smith, Germfask, Crawford Perkins, Nautinway. Discharged were Irene Bonfield, Myron Wilson, and Elizabeth Farrell and baby.

Ants, oldest city-dwellers have lived in miniature cities for more than 80 million years.

Bragan's Meeting Works, Braves Snap Loss String

By The Associated Press
Manager Bobby Bragan walked out of a clubhouse meeting and proudly proclaimed, "We resolved to start winning."

And the Atlanta Braves did just that. But then it's easy when you have Hank Aaron on your side. Aaron hammered two home runs and drove in five runs as Atlanta ended a losing string at five games with an 8-1 victory over Cincinnati Wednesday night.

Bragan called a 20-minute meeting before the game. "I told them the pitchers are better than they have been pitching and the hitters are better than they have been hitting," the Atlanta manager said.

"And I told them the manager is better than he has been managing."

So Tony Cloninger took care of the pitching, Aaron handled the hitting and Bragan hardly had to do any managing as Atlanta rocked the Reds.

Aaron's two home runs were his 10th and 11th this season and upped his career total to 400, 10th on the all-time list.

He tagged his first of the night over the left field wall with a man on in the first and then reached almost the same spot with two on in the fifth.

Both of Aaron's shots and one

by Joe Torre came off Sammy Ellis, who lost for the fifth time in six games.

Elsewhere in the National League, Houston downed New York 6-4. San Francisco stretched its winning streak to 10 games with a 6-1 victory over Pittsburgh and Los Angeles blanked Philadelphia 5-0.

In the American League, Kansas City edged Boston 6-5 in 10 innings. Chicago shaded Baltimore 3-2 in 11 innings and California nipped Washington 7-6 in 10 innings.

Barry Latman pitched 6 1-3 innings of two-hit relief and Rusty Staub and Jim Wynn hammered home runs that lifted

Houston past the Mets. Wynn's three-run shot in the fifth put the Astros on top to stay.

Gaylord Perry won his fifth straight with a six-hitter and Willie Mays hit his 514th career homer for the Giants.

Mays' two-run homer in the ninth completed San Francisco's scoring after a pair of doubles by Tom Haller helped build the Giants' early lead.

Don Sutton pitched Los Angeles' first shutout of the season and contributed three hits to the Dodgers attack against the Phillies.

The rookie right-hander struck out eight, walked only one and drove in the only run he needed in the third inning when he singled after catcher John Roseboro had doubled.

Ron Fairly drove in two runs with a sixth inning single and Sutton contributed his third hit to another two-run Dodgers rally in the ninth.

Rookie Pitches First LA Blank

NEW YORK (AP) — Figuring the Majors:

What were the odds before the start of this season that anyone other than Sandy Koufax, Don Drysdale or Claude Osteen would pitch the first shutout for the Los Angeles Dodgers? Rookie Don Sutton turned it in Wednesday night in a 5-0 victory over Philadelphia.

Here are the cold facts about how the weather is affecting the major league baseball schedule: In the first 31 days of the season through Wednesday, 41 games have been postponed, 25 in the American League and 16 in the National. In the first 31 days last year, only 21 games were weathered out.

Hammerin' Hank Aaron is nailing down a fast home run pace. He's 23 games ahead of 1965. He hit his 10th and 11th homers in the Braves' 29th game, an 8-1 victory over Cincinnati Wednesday night. Aaron did not hit his 11th homer last season until his 52nd game, on June 19. He finished with 32.

Willie Horton, Detroit's young outfielder, has a lot of catching up to do. After 17 games a year ago, he was leading the American League in batting with a .406 average, and had nine homers and 21 runs batted in. After 17 games this season, his average is .180 with only two homers and eight RBI.

The Phillies aren't getting much hit production from Bill White, whom they obtained from St. Louis last winter. The veteran first baseman, usually a .300 hitter, slipped to .190 Wednesday night after four hitless efforts in the game against Los Angeles.

Women Netters Clash Today

TURN, Italy (AP) — The top U.S. women tennis players go against France today in the quarter-finals of the Federation Cup tournament.

Led by Billie Jean Moffit King of Long Beach, Calif., the Americans scored a 3-0 sweep over Sweden in the second round Wednesday.

Mrs. King beat Christine Sandberg in the singles, 6-2, 6-3, and teamed with Carole Graebner of Beachwood, Ohio, for a 6-3, 6-1 doubles triumph over Eva Lundquist and Ingrid Lofdah.

The other U.S. point came when Julie Heldman of New York defeated Miss Lundquist in singles, 6-4, 6-0.

The tournament, in which 20 nations entered three-player teams, ends Sunday.

Titans Defeat Central, 4-3

DETROIT (AP) — Tom Siedlaczek crashed a two-run homer in the bottom of the fifth inning and gave University of Detroit a 4-3 victory over Eastern Michigan in a rain-shortened baseball game Wednesday.

Winning pitcher Gary Deehan singled home the other two runs in the bottom of the fourth.

The game was called after 5 1/2 innings because of rain.

Yesterday's Stars

BATTING — Hank Aaron, Braves, hit two home runs and drove in five runs as Atlanta snapped its five-game losing streak with an 8-1 victory over Cincinnati.

PITCHING — Gaylord Perry, Giants, won his fifth game with a six-hitter as San Francisco ran its winning streak to 10 with a 6-1 victory over Pittsburgh.

More people get more news from newspapers than from all other sources combined.

TUMMY TOUGHENER — Britain's Henry Cooper, in training, for his heavyweight championship fight with Cassius Clay in London May 21, rolls his stomach into shape with the "rocking chair" exercise.

Baseball Teams Shave Rosters

By The Associated Press
Major League rosters were down to 25 players today following last-minute transactions that resulted in the shifting of several well-known baseball names.

The deadline for reaching the mandatory 25 players was midnight Wednesday. Dick Schofield, Larry Jaster, Wes Covington, Chuck Schilling and Tom Cheney were among those asked to pack their traveling bags.

Schofield was sold to the New York Yankees by San Francisco. The Yanks made room for the veteran shortstop by sending pitcher Jack Cullen to Toledo of the International League on option.

Jaster, a starting pitcher for St. Louis during the first month of the season, was optioned to Tulsa of the Pacific Coast League. The southpaw had a 1-2 record for the Cards.

Covington, 34-year-old outfielder, was released outright by the Chicago Cubs. He had been acquired from Philadelphia last winter.

Schilling, former Boston second baseman, was optioned by Minnesota to its Denver affiliate in the PCL. The Twins also cut outfielders Ted Uhlaender and Joe Nosssek. Nosssek was claimed on waivers by Kansas City while Uhlaender was optioned to Denver.

The Washington Senators sold Cheney to Hawaii of the PCL. He set a major league record for strikeouts in one game when he fanned 21 in a 16-inning game against Baltimore in 1962.

Boston Monster Is Not Actually Mechanical Man

By The Associated Press
Dick Radatz's fast ball used to hum. Now it's zinging the blues. The tune remained the same Wednesday night as Radatz came in for Boston with the score tied in the 10th inning and ended the game — by throwing a single to Bert Campaneris that gave Kansas City a 6-5 victory.

It's been like that for the fireballing right-hander since last season, when the once-invincible Monster first began to lose his effectiveness. Radatz' record sagged to 9-11 in 1965, and his earned run average climbed to 3.92.

"The Monster isn't a mechanical man," said one American League slugger. "The guy has been in over 200 games in three years. Add to that all the times he's warmed up in the bullpen. What do you expect out of one man's arm?"

Pshaw, said Radatz, the problem was simple. "I started experimenting with a curve ball," he explained, "and I changed my motion enough to affect my fast ball, and they were able to hit it."

So Radatz went back to his normal motion. But they're still hitting it.

His appearance against Kansas City was his ninth this season — and the Red Sox have lost eight of those games. He has been tagged for 16 hits in 10 2-3 innings, has struck out only eight, has an 8-1 record and a 6.90 ERA.

The loss not only added to Radatz' unimpressive statistics but to Boston's as well, the Red Sox diving past the New York Yankees into sole possession of last place.

In other games on the rain-shortened American League program, the Chicago White Sox edged Baltimore 3-2 in 11 innings and California outlasted Washington 7-6 in 10 innings.

In the National League, San Francisco whipped Pittsburgh 6-1, Atlanta clubbed Cincinnati 8-1, Los Angeles blanked Philadelphia 5-0 and Houston downed the New York Mets 6-4.

The White Sox were shutout on three hits by Dave McNally until they tied the score in the eighth with a two-run rally built on run-scoring singles by John Romano and Floyd Robinson. They won it in the 11th when Gene Brabender balked home Bill Skowron with the deciding run.

Frank Howard homered for the Senators and Jose Cardenal and Rick Reichardt for the Angels but at the end of nine innings they were tied 5-5. Washington moved ahead in the 10th on Ken McMullen's double and a single by Don Lock but California came right back with two runs.

A triple by Bobby Knoop and Reichardt's single produced the first, Reichardt, then stole second, and after Ed Kirkpatrick walked, rafter home with the winner on a single by Paul Beahm.

An Upper Peninsula high school wrestling tournament, authorized by the Michigan High School Athletic Association, will be staged next spring. Approval of the U.P. tourney was granted by the Representative Council of the MHSAA at its state meeting in Lansing in March. The tournament, recommended by the U.P. Athletic Committee, will crown U.P. champions who will not advance to state tourney competition. Site and date of the U.P. tournament will be announced shortly.

Escanaba will be host to a high school football rules meeting on Friday, Aug. 26. Other meetings slated in the Upper Peninsula will be held at Negaunee Aug. 22, Houghton Aug. 23, Ironwood Aug. 24, Iron River Aug. 25 and Rudyard Aug. 30. A representative of the state association will discuss rules changes and points of emphasis.

Bob Gale, Trout Creek's 6 foot 5 inch all-state basketball star, has accepted a Big Ten scholarship tender to attend Michigan State University. Gale scored 848 points this season to run his four year career total to 2,085, third highest in Upper Peninsula prep history.

Wakefield's Ray Sibley, the Upper Peninsula's current "fastest human" in track parlance, set three new Ashland field records in an invitational meet this week. The stocky speed merchant chalked up a 10.2 clocking in the 100 yard dash, hit the tape in 23.1 in the 220 and jumped 19 feet 8 1/2 inches. He also ran a leg on the Cardinal 880 yard relay team that established another field record of 1:40 flat.

Stephenson High School's outstanding varsity football and basketball player will be announced at the all sports banquet tonight. He will have his name placed on the new Carl Dougovito Jr. Memorial Plaque. Stan Albeck, Northern basketball coach, will be the speaker. Rollie Dotsch, Northern grid coach, will be the speaker at the Newberry High School sports recognition banquet to be held Saturday night.

Mike Zimmermann, 6 foot 4 inch 240 pound All Upper Peninsula football tackle from Sault Ste. Marie, has accepted an athletic scholarship to attend Michigan Tech at Houghton this fall.

Four new records were established in the annual Copper Country Invitational track meet at Michigan Tech in Houghton. Mark Kitti, son of Calumet coach Walt Kitti, set a new mark in the 220 yard dash with a 22.9 clocking to lead the Copper Kings to the team championship for the 12th straight year. Howie Hegg of Ontonagon set a new record of 53.1 in the 440. Calumet's 880 yard relay team posted a 1:36.9 time and the Hancock mile relay unit put a 3:43.5 effort into the record book. Kitti's 20 foot 4 inch broad jump was the best in the U.P. this season.

Gwinn Golfers Beat Gladstone

GLADSTONE — Gwinn defeated Gladstone in high school golf action Wednesday, 819 strokes to 893. The Braves will enter the Great Lakes Conference golf meet at Newberry May 20. Individual scores: Gwinn: Fred Erickson 37-42-79, Dave Lefrank 45-46-91, Scotti Hines 42-44-86, Gary Nickerson 55-64-119, Bill Dykes 52-51-103, Jeff Caugh 52-54-106, George Vonderhoff 66-64-130, Seldon Vonderhoff 54-51-105. Gladstone: Mark Goodman 47-43-90, Tom Stade 56-49-105, Dennis Livermore 54-56-110, Jim Balding 64-62-128, Scotti Stade 61-60-121, Bob Mackie 60-54-114, Jim Murphy 53-61-114, Bob Stade 59-54-113.

Frosh Coach Gets Army Job

WEST POINT, N.Y. (AP) — Army has finally named its new football coach, promoting a veteran from the ranks.

Tom Cahill, West Point's freshman coach for seven years, was appointed Wednesday night to fill the vacancy created when Paul Dietzel abruptly packed up and left the Military Academy five weeks ago to become South Carolina's football coach and athletic director.

Army officials declined to announce details of Cahill's contract, but it probably is for one year. The 46-year-old ex-infantry officer was a long-shot candidate for the post when Dietzel quit and took five of his six Army assistants with him. West Point brass first tried for Bobby Dobbs of Texas Western, a Cadet fullback from the Davis-Blanchard era, then talked to several other prospects after Dobbs elected to stay put.

Meanwhile, Cahill was put in charge of Army Football and has guided the Cadets through spring drills, which end Saturday night with the annual intrasquad game. He had a question-mark status until Maj. Gen. Donald V. Bennett, West Point's superintendent, ended the speculation Wednesday night.

League Opener Postponed Softball Makes Expansion Plans For City Youth

The Escanaba Softball Association last night laid the groundwork for an ambitious expansion program which will bring the sport to youngsters throughout the city.

Softball leaders met with Paul Vardigan, acting city recreation director, at Club 314 to plan a new program that will embrace young players in the 14 to 17 year age group.

At present, the association sponsors only adult softball teams in one league. The American League this year will include six teams, with several long established teams dropping out of the sport. League officials also acted last night to postpone the season opener from May 15 to May 22. A workweek will be held at the field this evening at 7.

Vardigan pledged the full cooperation of the city's recreation department in expanding the softball program to younger players. Registration blanks will be provided for boys to sign up for teams at Club 314 and members of the softball association will seek permission to outline their plans to boys during physical education classes at Escanaba and Holy Name high schools.

"If softball is to continue as a major summer recreation activity in Escanaba, we must make a determined effort right now to interest young players in the sport," Clarence Konas, president of the association, stated.

The association will provide adult leadership to the young players in the form of managers and coaches if desired. Pitching instructions will be offered through veteran softball hurlers in the community.

"If the program catches on as we think it will, we will arrange for the youngsters to play some of their league games under the lights at Memorial Field diamond each week," Konas said.

The softball people anticipate from four to six teams of young players with regular league scheduling.

An effort will be made to provide the younger players with uniforms. All former players who have softball pants or shirts they would like to donate to the program may turn them over to Vardigan at Club 314.

Beagle Trials Drew 97 Hounds

The Bay de Noc Beagle Club's AKC licensed trials at the running grounds near Hyde drew a field of 97 entries in four classes.

Following are the results, by class:

Stone Quarry Duke, owned by Jack Brosio of Iron Mountain, won the top prize in the 13-inch male class. Following in order were Braem's Bozo, Bob Braem, Marquette; DuPont's Rebel Rouser, Gerald DuPont, Escanaba; High Fly Mickey, Tony Minelli, Gwinn; and Rekkabeds Mike, Don DeBakker, Norway.

In the 13-inch female class, Ted's Lonely Peggy Sue, owned by M. Jacklovitz of Vulcan, took first place. Other winners were Little Art's Princess, Mike Butler, Iron Mountain; Jerry's Dark Belle, Gerald Wright, Iron Mountain; Pete's Clara, Don Pietranonico, Iron Mountain; and Leona Bucky, Tony Minelli, Gwinn.

Hughes Thunder, owned by Blacky White of Ishpeming, claimed the No. 1 spot in the 15-inch male division. The other four places in the class went to Aho's Jolly Boy, Reuben Aho, Houghton; Boardman Valley Peanuts, Dorien Groleau, Traverse City; Larsen's Nick, Don Larsen, Marquette; and Happy Rock Gino, Al Mortier, Gladstone.

Ojibway Penny, owned by Don Chandonis of Lake Linden, won first place in the 15-inch female class. Following in order were Leitz's Spotty, Domenic Leitz, Hurley; Leitz's Princess, Domenic Leitz, Hurley; Iron County Dutches, Art Truscott, Ishpeming; and Middle Stone Joy Girl, Dr. A. C. Costa, Iron Mountain.

Extend Date In Babe Ruth For Sign-Up

The deadline for registration in the Escanaba Babe Ruth baseball league has been extended to May 15, it was announced today by Fred Gravelle, league secretary.

Tryouts for boys 14-18 will be held at 6 p. m. May 19 and for 12 year olds Saturday, May 21, at 8 a. m. Both tryouts will be staged at the Babe Ruth diamond. Pete Ross and Lyle LeCaplain will be in charge and all managers will attend along with league umpire John Kircher.

The annual player draft will be held May 21 at 3:30 p. m. at Club 314.

Unknown Is Ready To Win

NEW ORLEANS, La. (AP) — Ken Still is just a face in the crowd on the PGA circuit. Chances are he will still be one of the unknowns when the \$100,000 Greater New Orleans Open Golf Tourney ends but the slim swinger thinks he's ready to break into the championship ranks.

Still joined such golfing notables as Jack Nicklaus, Arnold Palmer, Doug Sanders, Billy Casper, the Hebert brothers — Jay and Lionel, defending champ Dick Mayer and 137 others on the Lakewood Country Club course today for the first 18 holes of the 72-hole event.

The 6-foot, 160-pounder may be right in analyzing his chances. Already in 1966 he has won \$12,587 on the tour — more than his official earnings for all of 1965.

Still, 32, turned professional just out of high school in his native Tacoma, Wash., worked as an assistant at various clubs, tried tournament golf unsuccessfully, then quit golf to go into the rug-cleaning business. "But golf was in my blood," said Still. "I was unhappy without it."

Esquimos Beat Holy Name In Tennis Match

Escanaba scored a 5-1 victory over Holy Name in prep tennis action here.

Individual results, with Holy Name athletes listed first: John Lark lost to Bob Haack 3-6, 4-6.

Steve Fisher lost to John Vader 3-6, 6-2, 2-6.

Steve Houle-Pete Quinn lost to Bob Schleicher - Gregg Johnson 4-6, 5-7.

John Way-Dan Villeneuve beat Neil Hivale-Bob Swanson 11-9, 8-1.

Dan DeGrand-Jack Hughes lost to Steve Anzalone-Tim O'Brien 3-6, 6-8.

Tigers Cut Two Players; Trim Roster Down To 25

CLEVELAND (AP) — The reason was obvious today for Detroit's surprise acquisition of lefthanded pitcher Johnny Podres.

The Tigers cut southpaw John Hiller from the roster Wednesday, along with catcher John Sullivan.

Hiller, who pitched two innings in relief against Washington April 17 and gave up two hits and two runs, was optioned to Syracuse.

He currently is recovering from pneumonia and pleurisy, and the team needed a lefthanded hurler badly to augment the talents of Mickey Lolich (4-1) and Hank Aguirre (0-1).

Podres, 33, who 11 years ago was a hero when he pitched two victories in the 1965 World Series for Brooklyn, was obtained from the Dodgers Monday.

Hiller, 23, was brought up from Montgomery last September.

Sullivan, 25, was released to Syracuse. He had not played in a game this season, after playing in 34 last season.

The cuts trimmed the Detroit roster to 25.

CAZZIE RUSSELL, the nation's No. 1 collegiate basketball player and top choice in the National Basketball Association draft, is shown waiting for a call from the New York Knickerbockers who made him their first selection Wednesday. (AP Wirephoto)

Knicks Pick Cazzie First

NEW YORK (AP) — Cazzie Russell of Michigan comes out of Wednesday's National Basketball Association draft as the No. 1 college player in the country — to the surprise of nobody.

The New York Knickerbockers, who had won first pick on the flip of a coin with the Detroit Pistons, really never hesitated in picking Russell.

"We felt this was the guy all along," said general manager Eddie Donovan of the Knicks. "After we won the toss we knew this was the man we wanted. He has a strong body and great basketball knowledge."

"We expect to try him at guard although he has the ability to be a forward, too. His forte is not shooting. He's just a well-rounded player."

"I spent a couple of hours with him at Ann Arbor about a week ago and I have a feeling he will play with us. I was very impressed by him as an individual."

Russell, who says he also has an offer from the Harlem Globetrotters, said he would make a decision next week.

The Pistons also wanted Russell but settled for Dave Bing of Syracuse as the No. 2 pick among the 79 players selected by the 10 clubs.

The pros naturally put the emphasis on size. Russell is 6-foot-5 and 218 pounds. Bing is 6-3 and 185.

Clyde Lee of Vanderbilt, 6-9, 220, already has made plans to play with a company team in Milan, Italy. However, after he was picked by San Francisco in the first round, he said he would talk about pro ball in the near future.

Matt Guokas of St. Joseph's in Philadelphia had said he planned to play college ball another year but he might change his mind, too, after being taken

Nicky Traverse Sets Golf Pace

The Escanaba Country Club women's golf league staged its first event of the season Wednesday with Nicky Traverse shooting a low gross 52 and Shirley Shomin winning the low net with 43.

Official league play begins Wednesday, May 25. All women are asked to register with the pro by Wednesday, May 18. There will be a beginners league this year and registrations for this league must also be completed by May 18.

Next Wednesday the women's league will play an open event, with regular league play scheduled for the following Wednesday. Dinner will follow the golf event. All women not having permanent dinner reservations must make reservations by Tuesday.

Gladstone Gals Rank In U.P. Keg Action

ISHPEMING — Women bowlers from Gladstone are among the leaders in the Upper Peninsula tournament being rolled here.

The Bay de Noc team of Gladstone is 14th in the team event with a 2673 score. In doubles, Mary LaCrosse-Betty Majestic hold down 10th spot with 1136 pins.

Vivian Miller is eighth in singles with a 610 series and Ardell Backstrom is one pin behind. An even 600 score places Mary Kutches of Escanaba 13th after seven weeks of tournament action.

Marian Tiberghien is 11th in the all events scratch division with a 1531 score and ninth in the handicap event with 1693.

Softball Play In Tri County Begins Sunday

The Tri County Softball League will open the 1966 season Sunday, May 15, with games at 2 p. m.

The openers will have Four Corners at Bark River and Perronville at Hardwood.

Sponsors are Johnny's Bar of Perronville, Andy's Bar of Bark River, Four Corners Bar of Carney and Bennet's Bar of Hardwood.

Redskins Notch Fifth Victory

HERMANSVILLE — Coach Don Hill's Hermansville Redskins ran up their fifth straight Big Seven Conference baseball victory by defeating Felch, 5-1.

Don Whitens fired a neat three-hitter, fanned 10 batters and walked two from the Hermansville mound. He aided his own cause with three hits while Randy Fochessato, Harland Rochon and Harry Gordon stroked two each off Nord who went the distance for the Foresters.

Bob Gibson of the St. Louis Cardinals won all five of his starts against the New York Mets last season.

May Is Morel Month

Trout Fishing Best Bet Now

Trout appear to be the best fishing bet for the next few weeks with a chance that some perch activity may develop in usual haunts, the Conservation Department reports. Stream levels are good and so are road conditions, and as weather warms, trout success will pick up. Bait will be the favored lure until hatches develop.

Sucker and smelt runs are over.

Walleye season does not open in Bay de Noc waters until May 21.

Lake Superior steelhead (rainbow) runs are in good progress on most favored streams in Marquette and Alger counties and should continue for several weeks. Cold weather, however, has hampered upstream movement and fishermen success.

Some walleyes are being taken in the Pashekee River near Lake Michigan and at the south end of Au Train Lake.

Morel Month

In mid-summer when fishermen don't catch trout, they can always pick raspberries. In May, it's "Morel" time. Pat Durling's article in the May issue of Michigan United Conservation Clubs Michigan Out of Doors says: "May is the month of 'Morel Madness' — and there are literally thousands of mushroom lovers who swear that morels are the finest of all the wild fungi."

"Morels are as different from

grocery-store mushrooms as prime venison is from farmed beef. They have an elusive piquant flavor and aroma not found in commercially grown varieties which makes them so highly prized.

"The annual quest for morels has many devotees who are so dedicated to the pursuit of this 'sport' as deer hunters and trout fishermen are to theirs. 'Morels are the all-time favorite of the casual collector. Aside from being one of the choicest and most plentiful of the edible 'woods mushrooms' a person need not be an expert on all types of fungi in order to pick this species safely."

Pitted Caps

"True morels have enlarged pitted caps (which look a lot like sponges) atop fleshy stalks. Many look like miniature Christmas trees, while others have a round flattened cap or long cylindrical head. The several varieties range in color from light buff to brown or almost black and measure from one to four inches high."

"The false morels or Helvelles mushrooms are found in large numbers in many of the same places as the true morels, and at the same time of the year. In fact, they are often times found growing side by side. CAUTION is the watchword with these."

Avoid Helvelles

"It's easy to distinguish these Helvelles from the true morels by the characteristic of the mushroom caps. The true morels are always pitted, while the false morels are wrinkled and folded. Many of the Helvelles resemble either a reddish brown brain or a Mexican saddle, hence the nicknames 'brain mushroom' and 'saddle fungus' and sometimes grow as big as baseballs."

"Morels are very specific in their choice of habitat, and are usually found in openings in aspen, white birch, hardwood, balsam or red pine forests, in old pine forests, in old orchards or burned over meadows, or in swampy areas under elm or ash. Most collectors have their best luck when oak trees in the area are leafed out to the 'mouse-ear' stage."

"Like fishing and hunting, mushrooming seems to satisfy some basic instinct in many of us — to gather something good to eat from nature's bounty through our own efforts."

Thursday has been designated as Education Day of the week long festivities of Michigan Week. Stephenson High School has planned an open house in observance of Education day and extends an invitation to parents and adults of the school district to visit school on that day. The Student Council will act as receptionists and guides for visitors.

Free Show To Open Michigan Week Program

STEPHENSON — The newly organized Stephenson Area Chamber of Commerce invites the public to a free "music and magic" performance which will be held in the Stephenson High School on May 15, at 8 o'clock. The performance will serve as a "kick-off" to start the celebration of Michigan Week and is sponsored by the Stephenson Village Council.

The performers include Dennis W. Nichols, 20, who plays the organ; and Lin Harris, 20, a professional magician.

The public is invited. There will be no admission charge or free will collection.

Thursday has been designated as Education Day of the week long festivities of Michigan Week. Stephenson High School has planned an open house in observance of Education day and extends an invitation to parents and adults of the school district to visit school on that day. The Student Council will act as receptionists and guides for visitors.

The Industrial Arts Department of the High School will have a display in the Commons Area of projects made by students in arts and crafts, metal and woodwork, and mechanical drawing.

Farm Shifts

WASHINGTON (AP) — The Department of Commerce says the number of Michigan farms specializing in field crops has increased and livestock operations have decreased. The number of farms engaged primarily in raising field crops totaled 16,445 in 1964, compared with 15,497 the previous year. Livestock farms fell from 9,849 to 8,725 in the same period.

RESCUE WORKERS stand at entrance to 20-foot deep cistern where gas fumes killed five men at Riga, Mich., fertilizer plant. Three men were employees of the Anderson Fertilizer Co. The fourth was a bystander who attempted to rescue the trio, and the fifth was Riga's volunteer fire chief. The victims suffered what a health official called hydrogen sulfide gas poisoning. The fire chief, Clyde A. Filter, wearing a self-contained oxygen mask, was overcome within a minute when he descended into the cistern last in the rescue attempt. (AP Wirephoto)

Hermansville

Scout Show

Randy Tomich, Stephen Framarin, Gerald Dugree, Greg St. Juliana, Allan Whitens, Scott Bellmore, John Stout, Scoutmaster, Ray Gurgall and assistant, Joseph Baribeau were at Escanaba Saturday for the Scout Show at the Upper Peninsula Fairgrounds. Framarin displayed an underground food storage pit, featuring cooking and baking;

Allan Whitens and Greg St. Juliana demonstrated setting up tents; and Gerald Dugree, Scott Bellmore, Randy Tomich, displayed cooking over an open fire.

The Boy Scouts will meet Saturday, May 14 across from the State Roadside park and will set up tents and work on Forestry, merit badges and Soil Conservation.

Approximately 80 persons attended the Mother and Daughter breakfast after the 8 a. m.

mass on Sunday at St. Mary's Church, Hermansville. Bernard Poquette, Richard Grenier, Fred Gamache, Wilfred Piche, Reno Fochesato, Patrick Grenier, John Adams, Wilfred Menard of the Holy Name Society prepared and served the breakfast.

Relatives and friends joined Mr. and Mrs. Fred Poquette on the occasion of their 35th wedding anniversary on Monday, May 2 at their home.
